All life is a struggle both without and within. There are conditions against which man must contend. His very existence is a series of efforts and accomplishments and his right to remain among men as a useful unit of humanity depends upon the measure of his capacity for wrestling successfully with the elements of nature without or with the enemies of virtue and truth within. It is demanded of man that he shall continue to strive after better things after greater perfection after higher and still higher achievements and in accordance with the measure of his obedience to this demand does the angel of joy wait upon his footsteps and minister unto him for he who is anxious to learn, eager to know and who puts forth efforts to accomplish finds the joy which eternally sings at the heart of the universe. First in little things then in greater and then in greater still must man strive until at last he is prepared to make the supreme effort and strive for the accomplishment of Truth succeeding in which he will realize the eternal joy. The price of life is effort, the acme of effort is accomplishment, the reward of accomplishment is joy. Blessed is the man who strives against his own selfishness, he will taste in its fullness the joy of accomplishment. **MASTERY OF DESTINY (CLASSIC REPRINT).**

JAMES. ALLEN, 2022 [The Mastery of Destiny by James Allen](#) James Allen, 2016-08-08 There is and always has been a widespread belief in Fate or Destiny that is in an eternal and inscrutable Power which apportions definite ends to both individuals and nations. This belief has arisen from long observation of the facts of life. Men are conscious that there are certain occurrences which they cannot control and are powerless to avert. Birth and death for instance are inevitable and many of the incidents of life appear equally inevitable. Men strain every nerve for the attainment of certain ends and gradually they become conscious of a Power which seems to be not of themselves which frustrates their puny efforts and laughs as it were at their fruitless striving and struggle. As men advance in life they learn to submit more or less to this overruling Power which they do not understand perceiving only its effects in themselves and the world around them and they call it by various names such as God, Providence, Fate, Destiny etc. **Mastery of Destiny (Annotated)** James Allen, 2017-12-12 The Mastery of Destiny embodies New Thought writer James Allen's teachings that our thoughts can be used to increase our capabilities and to create our lives as we desire them to be.
