Math Tools:

Math Tools, Grades 3-12 Harvey F. Silver, John R. Brunsting, Terry Walsh, 2008 Math Tools Grades 3-12 presents a broad collection of mathematics instruction tools that promote active in-depth learning and help ensure that all students meet high standards. The authors, experts with years of experience in mathematics education, combine the research on learning styles with 64 classroom-tested tools and show teachers how to use them to differentiate instruction and meet the needs of all students. Organized around four mathematical learning styles: mastery, understanding, self-expressive, and interpersonal, this resource also covers lesson design and assessment using the math tools.

[Power Up Your Math Community](#) Holly Burwell, Sue Chapman, 2024-09-02 A yearlong learning adventure designed to help you build a vibrant math community. A powerful math community is an active group of educators, students, and families alive with positive energy, efficacy, and a passion for mathematics. Students, teachers, and leaders see themselves and each other as mathematically capable and experience mathematics as a joyful activity. Power Up Your Math Community is a hands-on 10-month guide designed to help you and your school maximize your students' math learning and strengthen your mathematics teaching and learning community. Each chapter offers a month's worth of practice-based professional learning focused on a desired math habit alongside parallel math problems and learning activities for teachers to use themselves and with students. This format allows educators to work together to improve math teaching and learning across a school year, building a strong foundation for students' mathematical proficiency, identity, and agency. The book ignites solutions and advocates for rigorous and joyful mathematics instruction for everyone, including school leaders, teachers, students, and their families. Authors Holly Burwell and Sue Chapman provide educators with a detailed roadmap for creating a positive and effective math community that supports all students' mathematical learning by offering guidance on building a math community with chapter vignettes and prompts such as Mathematical Me, Let's Do Some Math Since We Met Last, Let's Try It, Math Talks, Manipulatives and Models Matter, Game Time, and more. Emphasizing an assets-based approach to teaching math that recognizes the unique strengths and experiences of each student, Providing strategies for promoting growth mindset in math and equity and inclusion in math education. Focusing on both classroom level and building level improvement as well as offering support for teachers, instructional coaches, principals, and district leaders, Power Up Your Math Community will inspire you to reimagine the way
