## **Paolo Veronese:**

Lives of Veronese Giorgio Vasari, Raffaele Borghini, Carlo Ridolfi, 2009 Collected here for the first time these fascinating early biographies two of which have never been translated before describe and celebrate the astonishingly fertile art of Paolo Veronese. Most of what we know about Veronese comes from these three writings and the Life by Carlo Ridolfi broke new ground in its scope and ambition. Giorgio Vasari 1511-1574 a highly successful Florentine painter, contemporary and friend of Michelangelo and pioneer collector of drawings compiled the Lives of the Most Famous Painters, Sculptors and Architects which remains the greatest single work on the art of the Italian renaissance. Raffaele Borghini 1537-1588 another Florentine artist and theorist of art expanded on Vasari's biography. Carlo Ridolfi 1594-1658 a Venetian was also a painter but achieved greater fame as a chronicler of the art of Venice. More consciously literary than Vasari he also was more scholarly in his use of documentation. Translated and introduced by Xavier F. Salomon Curator of Southern Baroque Paintings, Metropolitan Museum of Art New York 14 pages of prints after Veronese by contemporaries including the Carracci. ## **Delphi Complete Paintings of Paolo Veronese (Illustrated)** Paolo Veronese, 2021-12-17

One of the principle painters of the sixteenth century Venetian school, Paolo Veronese produced monumental works portraying allegorical, biblical and historical subjects in splendid colour set against the backdrop of Renaissance architecture. A master of colour, Veronese also excelled at illusionary compositions that extend the eye beyond the actual confines of the room. After an early period of Mannerism, he developed a naturalist style of painting which was influenced by Titian and would go on to inspire the masters of the Baroque and later eras. His works are celebrated for their chromatic brilliance, sensibility of brushwork, aristocratic elegance and the sheer magnificence of spectacle. Delphi's Masters of Art Series presents the world's first digital e Art books, allowing readers to explore the works of great artists in comprehensive detail. **Veronese and the Practice of Painting in Late Renaissance Venice** Diana Gisolfi, 2017 Paulino's Verona Paolo's training first works early collaboration Titian's dominance challenged 1546-51 1562-63 Paolo and Jacopo dominate 1555-60 1588-94 Patterns in shop practice and Venetian painters' shops near the end of the Cinquecento *Paolo Veronese* Richard Cocke, 2017-10-05 This title was first published in 2001 Paolo Veronese Piety and Display in an Age of Religious Reform examines the large body of religious paintings with which Veronese 1528-1588 played a crucial role in shaping Venetian piety. With 117 illustrations 26 in colour Richard Cocke sets Veronese's work into context arguing his mastery of narrative has long been neglected largely as a result of Sir Joshua Reynolds's criticism in his Discourses. The new expressiveness of Veronese's work in his final decade is linked with the decrees of the Council of Trent which resulted in an enhanced display of paintings in Venetian palaces during the 1570s matched by the renewed decorative schemes in the city's churches [The Art of Paolo Veronese, 1528-1588](#) William R. Rearick, 1988

**Grace and Grandeur** John Garton, 2008 Of the triumvirate of sixteenth-century Venetian painters Titian Veronese and Tintoretto Paolo Caliari Veronese 1528-1588 best conveyed Venice's civic splendor. His masterpieces in the Doge's Palace conferred on the Republic a magnificence and authority that was rapidly dwindling by the end of the Renaissance. But on a private level he also reshaped the fashions of the Serenissima through a steady stream of portrait commissions. Many members of Venice's most elite families sat for Veronese as did notable artists and authors including Titian and Sir Phillip Sidney. Once regarded as Venice's best portraitist his talents in this genre unfortunately remain largely unknown to modern audiences. This book offers the first comprehensive study of the approximately forty portraits that survive. Shedding new light on early works such as the pendants of the Da Porto and the frescos of the Barbaro in the Palladian villa at Maser Professor Garton also examines Paolo's images of women within the larger polemics surrounding the anonymous beauties of Giorgione Palma il Vecchio and Titian. The author analyzes Veronese's innovations in martial portraiture melancholic portrayals of artists and nobility and evocations of the antique. Relevant issues of social history class insecurity and poetic convention are all brought to bear in deciphering the meanings of these images and what they reveal about the painter and his clientele. This layered study of Venice's golden age of painting ends appropriately with a glance at the moderns who profited most from the study of Veronese's portraits Jean Baptiste Carpeaux Henri Fantin Latour Mary Cassatt and Henri Matisse. A complete catalogue of Veronese's portraits follows the chapters.

*Paolo Veronese and the Nobility of Painting* Tom Nichols, 2026-07-21 A reappraisal of Veronese's art as politically

charged visual independence Paolo Veronese's sumptuous paintings with their vibrant colors and theatrical elegance have often been admired for their surface beauty but also questioned for perceived excess and detachment. In this incisive study Tom Nichols reconsiders Veronese's pictorial language not as a superficial display but as a deliberate visual strategy that resisted the hierarchies and exclusions of sixteenth century Venetian society. Through detailed analysis of major works Nichols highlights the painter's striking inclusion of marginal figures: women, servants, people of color, and the poor within scenes of civic and sacred grandeur. Far from a passive decorator, Veronese emerges as a subtle commentator on power, dignity, and the possibilities of art.

**Paintings from Murano by Paolo Veronese** Venetian Heritage, 2018-02-20

The exhibition celebrated two Paolo Veronese paintings from the church of San Pietro Martire in Murano. The paintings have been restored by Venetian Heritage with the generous support of Bulgari. The large canvases showing Saint Jerome in the Desert and Saint Agatha Visited in Prison by Saint Peter were commissioned by Francesco degli Alberi, the priest of the church of Saint Mary of the Angels in Murano and painted by Veronese in 1566. They were originally held in the private chapel built alongside the church on the priest's orders. In 1667 the paintings were relocated to the nearby church of Saint Mary of the Angels. The very elaborate frames in gilded wood were most likely sculpted around this period. The church was deconsecrated during the French occupation at the beginning of the 19th century and some of the works kept there were transferred to the neighbouring church of San Pietro Martire. The paintings and the frames were in a poor state: the heavy over varnishing applied over the years had darkened, making it difficult to appreciate Veronese's brilliant colours, while the gilt was peeling off the frames, leaving visible gaps. The restoration has successfully brought back to life these two 16th century masterpieces of Venetian painting.

### **Veronese : Magnificence in Renaissance**

**Venice** Xavier F. Salomon, National Gallery (London), Paolo Veronese, 2014

Paolo Veronese (1528-1588) was one of the great Venetian artists of the Renaissance whose works were admired for their rich colours and mastery of theatrical narrative. His paintings ranged from decorative fresco schemes and portraits to allegorical, biblical and historical subjects produced for an aristocratic international audience. This definitive reappraisal of the artist also provides a fascinating account of painting and patronage in 16th century Venice. Xavier F. Salomon traces Veronese's career from its beginnings in Verona where he developed an art shaped by the rediscovery of antiquity to Venice where he established a successful workshop. Salomon's discussion of Veronese's entire output, including his monumental banquet scenes, illuminates the original function of every work, many of them designed for specific locations. Generous illustrations including numerous details reveal the distinctive tactile qualities of Veronese's technique and the beauty of his palette, whether rendering rich textiles, precious metals or female complexions. This splendid book makes a significant contribution to scholarship in the field of 16th century Venetian painting.
