Paradigms From Luke Acts For Multicultural Communities:

Paradigms from Luke-Acts for Multicultural Communities Richard B. Harms, 2001 This book proposes a theology of mission that is simultaneously Evangelical Catholic and Liberationist The biblical foundation is Luke Acts and the context is the church in California The focus is on mission and ministry with the fastest growing ethnic cultural minority population Latino Latina Although there is a historical research basis for this book the emphasis is on the current practice and future praxis First century Lukan paradigms lead to a proclamation based on service and salvation The Good News is for the poor and for every nation under Heaven **Acts** Craig S. Keener, 2020-04-02 Makes more widely available and accessible the research behind Keener's monumental acclaimed 4500 page commentary on Acts The Hermeneutical Spirit Amos Yong, 2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author's previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context Elenchus of Biblica Maria J. Schoenmaeckers, Robert Althann, 2004-12-20 Le 23 novembre 1964 jour de la promulgation de Lumen Gentium la constitution dogmatique sur l'Eglise marque un evenement c'est la premiere fois dans l'histoire de l'Eglise qu'une assemblee de la Sainte Eglise s'exprime solennellement sur la vie consacree Le sixieme chapitre de la constitution traite de la signification et de l'essence de la vie religieuse la reliant au mystere de l'Eglise peuple de Dieu Ce texte conciliaire presente la vie religieuse comme un etat canonique celui du chretien qui tend dans un institut de perfection a la charite parfaite et consacre sa vie a Dieu et aux hommes par la profession des conseils evangeliques de chastete pauvreté et obeissance De toute evidence cette declaration doctrinale est importante pour l'Eglise et pour le developpement de la vie consacree dans l'Eglise En lisant Lumen Gentium on est assez vite frappe par le debut abrupt du sixieme chapitre sur les religieux car tous les autres chapitres s'ouvrent par une breve introduction Cependant on ne peut deracher ce chapitre de ce qui a ete dit precedemment sur la vocation universelle a la saintete En fait l'histoire du texte fait clairement ressortir le lien qui unit ces chapitres *International Bibliography of Book Reviews of*

Buch, 2003 **Code-switching in Luke and Acts** Jonathan M. Watt, 1997 Divergence of style characterizes the Greek dialect that appears in the New Testament books of Luke and Acts Some parts contain standard Koine while others show varying degrees of Semitic influence This sociolinguistic study concludes that the continuum of Semitized Greek appearing in the ancient texts functions like the metaphoric variety of code switching performed by modern bilinguals The variations can be explained in part by Luke's tendency to use Semitic linguistic features when describing Jewish subject matter while retaining standard Koine for Hellenistic interest *Communities of the Last Days* C.
