Masters Of Repetition Poetry Culture And Work In Thomson Wordsworth Shelley And Emerson:

Masters of Repetition Lisa M. Steinman, 1998-01-01 In an age of mass markets mass audiences and mass pop culture the role of poetry in our moral or political world seems at best uncertain This was a dilemma faced by such poets as James Thomson William Wordsworth Percy Bysshe Shelley and Ralph Waldo Emerson In this book Lisa Steinman examines this issue by focusing on the work of these four poets *Transatlantic Transformations of Romanticism* Mark Sandy, 2021-01-05 A critical re evaluation of the imaginative transformations of Romanticism by major American writers This book provides innovative readings of literary works of British Romanticism and its influence on twentieth and twenty first century American literary culture and thought It traverses the traditional critical boundaries of prose and poetry in American and Romantic and post Romantic writing Analysing significant works by nineteenth century writers including Ralph Waldo Emerson Henry David Thoreau and Emily Dickinson as well as the contemporary writings of William Faulkner F Scott Fitzgerald Saul Bellow Toni Morrison and Wallace Stevens the book reasserts the significance of second generation Romantic writers for American literary culture Sandy reassesses our understanding of Romantic inheritance and influence on post Romantic aesthetics subjectivity and the natural world in the American imagination

The Genres of Thomson's The Seasons Sandro Jung, Kwinten Van De Walle, 2018-09-01 Critics since the eighteenth century have puzzled over the form of James Thomson's composite long poem *The Seasons* 1730 1744 1746 its generically hybrid make up and its relationship to established genres both Classical and modern The textual condition of the work is complicated by the fact that it started as a stand alone poem *Winter* 1726 but was subsequently expanded as part of a revision process that lasted almost two decades through the addition of three further seasons poems Transforming from primarily devotional poem to georgic account of the role of man's laboring role in the creation the meaning of *The Seasons* shifted with each addition of new material Each revision introduced diverse subject matter while existing material was reorganized and occasionally moved from one season installment to another The Genres of Thomson's *The Seasons* is the first collection of essays exclusively devoted to the study of the work's formal heterogeneity polyvocality and polygeneric character All contributions examine the different modes descriptive reflective pastoral hymnal amatory epic georgic dramatic discourses political sentimental scientific and kinds that cooperate to make up the different installments and variants of *The Seasons* They probe the multifarious interactions between different genres and modes and how a renewed focus on the form of Thomson's long poem will result in an understanding of the processual character of *The Seasons* as a synthesizing simulacrum of various discourses and theories of composition The volume's essays map the generic anatomy of the poem in its different incarnations They shed light on the poet's conception of the descriptive long poem and his engaging with formal traditions that would have enabled contemporaneous readers to conceive of *The Seasons* as an assimilating and learned work to be read through both the works of the Classics and moderns Contributions revisit models explaining the structural complexity of *The Seasons* proposing others in their stead and consider

Thomson as the author of a long poem in relation to other poets both English and in a transnational study Swedish The poem is furthermore contextualized in terms of sexuality and animal studies Nineteenth Century Prose,2013 James Thomson's Defence of Poetry Stefanie Lethbridge,2003 This study presents a contextual and intertextual reading of James Thomson s 1700 1748 poem The Seasons taking into consideration some of the presuppositions and habitus of the text s cultural community and the function of the poem s many intertextual allusions An intertextual reading reveals The Seasons though heterogeneous on its surface as coherent in its cultural functionality An analysis of the poem s intertext uncovers textual strategies that attempt to re legitimise poetic discourse as a culturally relevant force especially in relation to the newly privileged discourse of natural philosophy **Nineteenth-century Literature**,1998 Contains articles which focus on a broad spectrum of significant figures in fiction philosophy and criticism such as Austen Carlyle Dickens Thackeray the Brontes Tennyson Browning Arnold Emerson Hawthorne Thoreau Whitman Twain and Henry James **Studies in the Literary Imagination**,2013 **Notes and Queries**,1999 *American Book Publishing Record*,1998 1650-1850,1994 *Prism(s)*,1998 **Current Contents** Institute for Scientific Information (Philadelphia),2002 **Reference Guide to American Literature** Thomas Riggs,2000 Concise discussions of the lives and principal works of American writers thinkers and cultural figures written by subject experts **Invitation to Poetry** Lisa M. Steinman,2008 For anyone who has ever wanted to become fluent in the language of poetry Invitation to Poetry will prove an essential guide This book Teaches the serious student how to speak poetry through an in depth examination of the traditional features and technical vocabulary of poetic language Examines British and American materials from the sixteenth through the twentieth centuries in order to give students a sense of a range of different period styles poetic projects and strategies Explicitly examines questions and challenges the relationship of poetry to literary periods and canons Offers the technical tools essential for close reading and interpretation across a broad chronological spectrum **Unrelenting Readers** Paul M. Hedeon,David Gershon Myers,2004 Publisher Description **The British National Bibliography** Arthur James Wells,2000 Lingua Franca,1998 **American Literary Scholarship** James Leslie Woodress,1965 ...,2002 **The Cumulative Book Index**,1998 A world list of books in the English language
