Anderton, 2012-11-02 He's back That infernal demon Screwtape from C S Lewis's classic book *The Screwtape Letters* has returned Screwtape is armed with a Master Plan designed to acidify and ultimately destroy the cultural tapestries of a critical region of the world and the humans therein In a series of lectures delivered to a legion of demons Screwtape highlights key principles and tactics for twisting human thinking and behavior in the areas of materialism sexuality intergroup relationships self actualization work and vocation and understandings of Jesus Screwtape's ultimate objective is to snuff out God's light in the region by encouraging Christians to assimilate to prevailing cultural norms or withdraw into their own cultural bubbles rather than faithfully integrate into the cultures around them Through a process known as the Amishification of the Church Screwtape expects the Christian church to become a minor backwater institution in the region by the end of the twenty first century **Transforming Missiology**

Masters Abstracts, 1978 **Innovating Christian Education Research** Johannes M. Luetz, Beth Green, 2021-01-04

This book reformulates Christian education as an interdisciplinary and interdenominational vocation for professionals and practitioners. It speaks directly to a range of contemporary contexts with the aim of encouraging conceptual, empirical, and practice-informed innovation to build the field of Christian education research. The book invites readers to probe questions concerning epistemologies, ethics, pedagogies, and curricula using multidisciplinary research approaches. By helping thinkers to believe and believers to think, the book seeks to stimulate constructive dialogue about what it means to innovate Christian education research today. Chapters are organised into three main sections. Following an introduction to the volume's guiding framework and intended contribution, Chapter 1, Part 1, features conceptual perspectives and comprises research that develops theological, philosophical, and theoretical discussion of Christian education. Chapters 2-13, Part 2, encompasses empirical research that examines data to test theory, answer big questions, and develop our understanding of Christian education. Chapters 14-18, Part 3, reflects on contemporary practice contexts and showcases examples of emerging research agendas in Christian education. Chapters 19-24.
