History the study of the transnational interconnections between Europe North America South America and Africa particularly in the early modern and colonial period Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com **Material culture** ,2000 **History through material culture** Leonie Hannan,Sarah Longair,2017-04-20 History through material culture is a unique step by step guide for students and researchers who wish to use objects as historical sources Responding to the significant scholarly interest in historical material culture studies this book makes clear how students and researchers ready to use these rich material sources can make important valuable and original contributions to history Written by two experienced museum practitioners and historians the book recognises the theoretical and practical challenges of this approach and offers clear advice on methods to get the best out of material culture research With a focus on the early modern and modern periods this volume draws on examples from across the world and demonstrates how to use material culture to answer a range of enquiries including social economic gender cultural and global history **Southwest Native American Arts and Material Culture**

Nancy J. Parezo,Ruth M. Perry,Rebecca Allen,1991 Material Culture Kenneth L. Ames,1985 *The Politics of the Artificial* Victor Margolin,2018-01-11 Emerging from the world of commercial art and product styling design has now become completely integrated into human life Its marks are all around us from the chairs we sit on to the Web sites on our computer screens One of the pioneers of design studies and still one of its most distinguished practitioners Victor Margolin here offers a timely meditation on design and its study at the turn of the millennium and charts new directions for the future development of both fields Divided into sections on the practice and study of design the essays in *The Politics of the Artificial* cover such topics as design history design research design as a political tool sustainable design and the problems of design s relation to advanced technologies Margolin also examines the work of key practitioners such as the matrix designer Ken Isaacs Throughout the book Margolin demonstrates the underlying connections between the many ways of reflecting on and practicing design He argues for the creation of an international interdisciplinary field of design research and proposes a new

ethical agenda for designers and researchers that encompasses the responsibility to users the problems of sustainability and the complicated questions of how to set boundaries for applying advanced technology to solve the problems of human life Opinionated and erudite Victor Margolin's *The Politics of the Artificial* breaks fresh ground in its call for a new approach to design research and practice. Designers, engineers, architects, anthropologists, sociologists, and historians will all benefit from its insights

[Living History in the Classroom](#) Lisa L. Heuvel, 2020-10-19

Many educators want to use historic characters in the classroom but lack strategies and resources. The types of questions they ask are answered in *Living History in the Classroom: Performance and Pedagogy* by outstanding content experts with practical insights into performance, public history, and education

[Action Research Methods](#) S. Klein, 2012-06-18

In *Action Research Methods* the authors acknowledge that the methodology component is where most of the struggle and confusion lies with students in research methods courses. The overall aim is to assist master's level education students with practical and theoretically grounded approaches to the action research process

[History Museums in the United States](#) Warren Leon, Roy Rosenzweig, 1989

Every year 100 million visitors tour historic houses and re-created villages, examine museum artifacts, and walk through battlefields. But what do they learn? What version of the past are history museums offering to the public? And how well do these institutions reflect the latest historical scholarship? Fifteen scholars and museum staff members here provide the first critical assessment of American history museums, a vital arena for shaping popular historical consciousness. They consider the form and content of exhibits ranging from Gettysburg to Disney World. They also examine the social and political contexts on which museums operate

["The" Material Culture](#), 1993 [Interpreting Our Past](#) Mary Beth Stein, 1987

[Encyclopedia of American Folklore](#) Linda Watts, 2020-07-01

Folklore has been described as the unwritten literature of a culture: its songs, stories, sayings, games, rituals, beliefs, and ways of life. *Encyclopedia of American Folklore* helps readers explore topics, terms, themes, figures, and issues related to this popular subject. This comprehensive reference guide addresses the needs of multiple audiences, including high school, college, and public libraries, archive and museum collections, storytellers, and independent researchers. Its content and organization correspond to the ways educators integrate folklore within literacy and wider learning objectives for language arts and cultural studies at the secondary level. This well rounded resource connects United States folk forms with their cultural origin, historical context, and social function. Appendixes include a bibliography, a category index, and a discussion of starting points for researching American folklore. References and bibliographic material throughout the text highlight recently published and commonly available materials for further study. Coverage includes Folk heroes and legendary figures, including Paul Bunyan and Yankee Doodle; Fables, fairy tales, and myths often featured in American folklore, including Little Red Riding Hood and The Princess and the Pea; American authors who have added to or modified folklore traditions, including Washington Irving; Historical events that gave rise to folklore, including the civil rights movement and the Revolutionary War; Terms in folklore studies such as fieldwork and the folklife movement; Holidays and observances such as

Christmas and Kwanzaa Topics related to folklore in everyday life such as sports folklore and courtship dating folklore Folklore related to cultural groups such as Appalachian folklore and African American folklore and more *Handbook of Material Culture* Chris Tilley, Webb Keane, Susanne Kuechler, Mike Rowlands, Patricia Spyer, 2006-01-05 The study of material culture is concerned with the relationship between persons and things in the past and in the present in urban and industrialized and in small scale societies across the globe The Handbook of Material Culture provides a critical survey of the theories concepts intellectual debates substantive domains and traditions of study characterizing the analysis of things It is cutting edge rather than simply reviewing the field as it currently exists It also attempts to chart the future the manner in which material culture studies may be extended and developed The Handbook of Material Culture is divided into five sections Section I maps material culture studies as a theoretical and conceptual field Section II examines the relationship between material forms the human body and the senses Section III focuses on subject object relations Section IV considers things in terms of processes and transformations in terms of production exchange and consumption performance and the significance of things over the long term Section V considers the contemporary politics and poetics of displaying representing and conserving material and the manner in which this impacts on notions of heritage tradition and identity The Handbook charts an interdisciplinary field of studies that makes an unique and fundamental contribution to an understanding of what it means to be human It will be of interest to all who work in the social and historical sciences from anthropologists and archaeologists to human geographers to scholars working in heritage design and cultural studies *Studies in Material Culture Research* Society for Historical Archaeology, 2000

Perspectives on Anthropological Collections from the American Southwest Ann Lane Hedlund, Arizona State University. Department of Anthropology, 1989 *Applied and Decorative Arts* Donald L. Ehresmann, 1993 This reference work covers general works ornament folk art arms and armour ceramics clocks and automata costumes enamels furniture glass leather metalwork musical instruments textiles dolls and more Essentially a new work rather than a revision this annotated bibliography on the history of applied and decorative arts includes over 3000 descriptive entries on books written in western European languages More than 1000 of these entries are new to the second edition and approximately half are titles published since 1977 The remainder represent a significant expansion in breadth and depth of the bibliography with the addition of nearly 500 titles of exhibition and museum catalogues and price guides

Guide to Reference Books Robert Balay, Vee Friesner Carrington, Murray S. Martin, 1996 Presents an annotated bibliography of general and subject reference books covering the humanities social and behavioral sciences history science technology and medicine *Folklore Forum*, 1986 *Bibliographic Index*, 2002
