## **Panzer General:**

*Hitler's Panzer Generals* David Stahel, 2023-05-04 Germany's success in the Second World War was built upon its tank forces however many of its leading generals with the notable exception of Heinz Guderian are largely unknown This biographical study of four German panzer army commanders serving on the Eastern Front is based upon their unpublished wartime letters to their wives David Stahel offers a complete picture of the men conducting Hitler's war in the East with an emphasis on the private fears and public pressures they operated under He also illuminates their response to the criminal dimension of the war as well as their role as leading military commanders conducting large scale operations While the focus is on four of Germany's most important panzer generals Guderian Hoepner Reinhardt and Schmidt the evidence from their private correspondence sheds new light on the broader institutional norms and cultural ethos of the Wehrmacht's Panzertruppe

*Guderian* Kenneth Macksey, 2003 Kenneth Macksey's highly regarded biography of Generaloberst Heinz Guderian provides a rare opportunity to observe the mind and motives of one of the foremost proponents of blitzkrieg Now revised and fully updated this latest edition draws upon fresh source material in order to shed new light on his life story and the activities of the General Staff officers Guderian was a rebel in search of ideals and a general whose personality genius and achievements far exceeded those of Rommel A master of strategy and tactics he built the Panzer force in the face of opposition from the German General Staff and personally led the lightning campaigns by tanks and aircraft that put a large part of Europe under German domination As well as providing clear insight into the crucial campaigns throughout Europe this is also a searing portrait of the Third Reich's leading personalities as they turned imminent victory into agonizing defeat and illuminates why Guderian was so admired by some whilst denigrated by others
