Parade's End Ford Madox Ford, 1992 Traces the history of a house and a family at the time of the First World War

Doctor Faustus Thomas Mann, 1992-06-02 Thomas Mann wrote his last great novel Doctor Faustus during his exile from Nazi Germany Although he already had a long string of masterpieces to his name in retrospect this seems to be the novel he was born to write A modern reworking of the Faust legend in which a twentieth century composer sells his soul to the devil for the artistic power he craves the story brilliantly interweaves music philosophy theology and politics Adrian Leverk hn is a talented young composer who is willing to go to any lengths to reach greater heights of achievement What he gets is twenty four years of genius years of increasingly extraordinary musical innovation intertwined with progressive and destructive madness A scathing allegory of Germany s renunciation of its own humanity and its embrace of ambition and nihilism Doctor Faustus is also a profound meditation on artistic genius Obsessively exploring the evil into which his country had fallen Mann succeeds as only he could have in charting the dimensions of that evil his novel has both the pertinence of history and the universality of myth Translated from the German by H T Lowe Porter

Writers at War Isabelle Brasme, 2023-01-31 Writers at War addresses the most immediate representations of the First World War in the prose of Ford Madox Ford May Sinclair Siegfried Sassoon and Mary Borden it interrogates the various ways in which these writers contended with conveying their war experience from the temporal and spatial proximity of the warzone and investigates the multifarious impact of the war on the re development of their aesthetics It also interrogates to what extent these texts aligned with or challenged existing social cultural philosophical and aesthetic norms While this book is concerned with literary technique the rich existing scholarship on questions of gender trauma and cultural studies on World War I literature serves as a foundation This book does not oppose these perspectives but offers a complementary approach based on close critical reading The distinctiveness of this study stems from its focus on the question of representation and form and on the specific role of the war in the four authors literary careers This is the first scholarly work concerned exclusively with theorising prose written from the immediacy of the war This book is intended for academics researchers PhD candidates postgraduates and anyone interested in war literature

Parade's End Ford Madox Ford, 1992-12-15 Ford Madox Ford s acclaimed masterpiece is widely considered one of the best novels of the twentieth century Parade s End was originally published in four parts Some Do Not No More Parades A Man Could Stand Up and Last Post between 1924 and 1928 It explores the world of the English ruling class as it descends into the chaos of World War I as seen through the life of Christopher Tietjens an officer from a wealthy family who is torn between his unfaithful wife Sylvia and his suffragette mistress Valentine With scenes of sexual warfare that rival the devastation of its battlefield scenes Parade s End is a profound dramatization of one man s internal struggles during a time of brutal world conflict The culminating achievement of Ford s career it fulfills his ambitious conception of the novelist s role as the historian of the present capturing the essence of the age
