"Value of discipline"

Discipline is a great quality. It is the first order of heaven. By the term, Discipline is meant according to rules. The rule is a standard laid down for guiding action, behavior, etc. The term Discipline, therefore, means that all our actions should be done perfect with certain principal or rules laid down for guiding us in the right path. It teaches us self-control and self restrain. It produces a sense of duty. There is discipline in heavenly bodies-stars and planets. The ordered growth and decay (death) show that there is discipline everywhere in nature. Schools and colleges cannot run without discipline. discipline make us civilized. It teaches us respect for laws. Games and sports make the players disciplined. discipline brings law and order. A well-disciplined person always done his work sincerely and honestly. If there is no discipline in the society people shall act as they please. Discipline keeps us within an order. We learn to respect the views and rights of others. Where there is no discipline, there is disorder. Without order and discipline, there can be no peace in society.
