Multinational Corporations Paz Estrella Tolentino, 2003-09-02 This work presents case studies of the emergence and evolution of Multinational Corporations MNCs based in eleven developed and developing countries of widely divergent patterns of national development From this analysis Tolentino develops a comprehensive theory of the emergence and evolution of MNCs from a macroeconomic perspective

Multinationals and Emerging Economies Wilfred Dolfsma, Geert Duysters, Ionara Costa, 2009-01-01 The global economy is changing rapidly and multinational corporations MNCs are at the forefront of this transformation The book provides novel and profound analyses of how MNCs and emerging economies are related and how this relationship affects the dynamics of the global economy In particular the authors deal with the nexus between multinationals emerging economies and innovation from a variety of different perspectives Innovation is regarded as a core driving force in the global economy but the authors show how it can impede as well as encourage sustainability Multinationals and Emerging Economies brings together insights from business studies and economics and combines concise theoretical discussion with empirical analyses of unique data Researchers and graduate students in the fields of international business international economics international relations innovation studies and strategy will find much of interest to them throughout the book It will also be an invaluable tool for policy makers in economics and commerce

The Emergence of the Multinational Corporation Eva Lena Richter, 2018-01-22 Seminar paper from the year 2014 in the subject Business economics General grade 1 3 University of Cologne Wirtschaftsgeografie language English abstract Multinational corporations MNCs play a significant role in our economic world Accounting for approximately one third of total world trade and including around 80 million people outside their home bases in complex supply and dependency networks they seize seemingly endless economic power what has given way to strong opposition and causes fear amongst ordinary people who feel at the mercy of their power In my paper I will try to clarify the relationship between MNCs and nation states and therefore answer the question what kind of forces drive MNCs which objectives they have and which measures they take to reach their individual aims The paper will start with the definition of MNCs chapter 2 and their emergence I will then refer theories of MNC evolution that are closely linked to Foreign Direct Investment FDI and patterns of labour division chapter 3 and 4 The following chapter shall explore the power relationship between nation states and MNCs in general chapter 5 The example of oil extraction through Royal Dutch Shell in the Nigeria s delta region will further illustrate the interdependencies especially many resource rich but underdeveloped or developing countries face and identify the sources of friction between government state peoples NGOs and MNCs The findings will be summarized and an

outlook on possible future developments will be given in the last chapter or Chapter 6 Human Rights and Corporations David Kinley, 2017-05-15 The erstwhile unlikely coupling of human rights and corporations is now a typical feature of corporate community relations High profile corporate infringements of human rights the rise and rise of corporate social responsibility CSR and on going efforts to regulate corporate behaviour through legal regimes at both domestic and international levels have spawned a mountain of academic literature and commentary This volume assembles the leading essays from this body of work Together they frame the relationship between human rights and corporations by charting its history and salient features tackle the conceptual perspectives of the relationship and detail the practice problems and potential of the relationship **Management in South-East Asia** Chris Rowley, Malcolm Warner, 2013-09-13 This edited volume deals with Management in South East Asia It widely agreed that this is a region of growing importance economically in today s globalized world This area contains a diverse range of dynamic economies ranging from the highly developed through to the newly emerging each competing in a different manner and with different characteristics This book specifically focuses on current and future developments in areas such as Business Culture Enterprises and Human Resources It covers a range of topics industries size of firms and countries Malaysia Singapore Thailand Vietnam three of which are capitalist economies with the latter a transitional communist one These locations also comprehend a variety of business cultures with a variety of religious values ranging from Buddhist to Islamic and ethnic identities The approach taken is inter disciplinary and most of the contributions are by locally based authors who are very well qualified to write about their chosen country setting The experts contributing include those specialized in banking business management economics finance sociology psychology and so on all based in business schools and universities encompassing a good number of national origins This book was previously published as a special issue of the Asian Pacific Business Review *Encyclopedia of the Developing World* Thomas M. Leonard, 2006 A comprehensive work on the historical and current status of developing countries God on Our Side Shireen T. Hunter, 2016-10-04 This timely book offers an accessible introduction to religion in international affairs Shireen T Hunter highlights the growing importance of religion in politics and analyzes its nature role and significance She places the question of religion s impact on global affairs in the broader context of state and nonstate actors weighing the factors that most affect their actions Through the lens of three compelling and distinctive case studies Russia s response to the Yugoslav crisis Turkey s reaction to the Bosnian war and Europe s policy toward Turkish membership in the EU Hunter demonstrates that religion increasingly shapes international affairs in significant and diverse ways Her book is essential reading for anyone needing a better understanding of why and more important how religion influences the behavior of international actors and thus the character of world politics *Multinational Enterprises and the Law* Peter T. Muchlinski, 2007-07-12 Multinational Enterprises and the Law presents the only comprehensive contemporary and interdisciplinary account of the various techniques used to regulate multinational enterprises MNEs at the national regional

and multilateral levels In addition it considers the effects of corporate self regulation upon the development of the legal order in this area Split into four parts the book firstly deals with the conceptual basis for MNE regulation explaining the growth of MNEs their business and legal forms the relationship between them and the effects of a globalising economy and society upon the evolution of regulatory agendas in the field Part II covers the main areas of economic regulation including the limits of national and regional jurisdiction over MNE activities controls and liberalization of entry and establishment tax and company and competition law Part III introduces the social dimension of MNE regulation covering labour rights human rights and environmental issues and Part IV deals with the contribution of international law and organizations to MNE regulation and to the control of investment risks covering the main provisions found in international investment agreements and their recent interpretation by international tribunals

Method and Transfer Pricing Transactional Net Margin Method in Multinational Enterprises Importing Goods from Switzerland to Germany Sergo Dreving, 2025-02-26 Master s Thesis from the year 2024 in the subject Law Tax Fiscal Law grade 1 3 University of M nster Faculty of Law language English abstract The master s thesis explores the complex relationship between Transfer Pricing TP and Customs Valuation CV in multinational enterprises MNEs focusing on the compatibility of the Transactional Net Margin Method TNMM and the Transaction Value TV method Using a legal framework analysis the study examines regulatory overlaps and conflicts particularly in the context of tangible goods imported from Switzerland to Germany The research highlights the impact of retrospective TP adjustments on customs values and assesses whether a harmonised approach to TP and CV is legally and practically feasible The findings suggest that despite their distinct objectives both disciplines can be reconciled through proactive compliance strategies integrated documentation and regulatory engagement The thesis provides practical recommendations for MNEs offering a structured framework to navigate these dual regulatory environments while considering administrative practices and relevant case law

The Rise of Transnational Corporations from Emerging Markets Karl P. Sauvant, Kristin Mendoza, Ince Irmak, 2008 This comprehensive analysis deals with the range of issues raised by the rise of transnational corporations from emerging markets This insightful book shows that foreign direct investment FDI from emerging markets has grown from negligible amounts in the early 1980s to 210 billion in 2007 with the stock of investment now being well over 1 trillion This reflects the rise of firms from these

economies to become important players in the world FDI market The contributors to this book comprehensively analyze the rise of emerging market TNCs the salient features of the transnational activities of these firms the relationship of outward FDI and the competitiveness of the firms involved their impact on host and home countries and implications for the international law and policy system The subject of this study is both topical and important and poses a number of challenges that will require considerable policy attention in the future It will appeal to academics interested in FDI as well as emerging markets Karl P Sauvant has gathered together a group of leading academics that makes this an informative and valuable read for anyone interested in the subject including academics students at all levels and private sector entities as well as government officials dealing with outward FDI *The Journal of European Economic History*, 2003

Transnational Corporations, Technology, and Economic Development Axèle Giroud, 2003 This innovative book provides a greater understanding of the relationships between transnational corporations and the economic development of host economies In the age of globalisation awareness of the mechanisms through which foreign firms impact on host countries is crucial The emphasis lies on backward linkages and knowledge transfer to local firms The book offers a theoretical framework for the activities of TNCs and a review of their impacts on South East Asian economies The author conveys in depth information using extensive data collected from transnational corporations in the Malaysian electrical and electronics sector A unique approach is adopted by presenting factors explaining the existence as well as the degree of knowledge transfer through backward linkages To date no other study has provided a full range of data qualitative and quantitative on the existence as well as the degree of backward linkages transfer Academics practitioners and students of international business studies international development and Asian studies will find *Transnational Corporations Technology and Economic Development* of great interest as will business school libraries in European North American and Asian universities *The Greenwood Encyclopedia of International Relations: S-Z* Cathal J.
