Multinational Management Accounting:

Multinational Management Accounting Ahmed Riahi-Belkaoui, 1991-05-21 Includes bibliographical references and index
Global Management Accounting James A. Heely, Roy Nersesian, 1993-08-30 All too often books on accounting are written for accountants In this unique book accounting is used as a means not as an end unto itself Heely and Nersesian have written a guide for managers of multinational companies who wish to better understand the complex workings of a global business The book describes the globalization of business the increasing complexity and related accounting treatments of doing business internationally Recent developments in the standardization and harmonization of accounting practices around the world are discussed accompanied by numerous examples from annual reports of both foreign and domestic companies The process by which a parent company consolidates its results from foreign affiliates is described along with the accounting which would accompany typical business transactions Emphasis is placed on the connection between transfer pricing and taxation including a discussion of the considerations which management must face when setting transfer prices Accounting practices for inflation along with currency exchange fluctuations are dealt with from both accounting and risk management perspectives
Managerial Accounting and Analysis in Multinational Enterprises H. Peter Holzer, Hanns Martin Schönfeld, 1986
Multinational Management's Desire for Universal Accounting Principles Jay Arthur LaVerigne, 1975

Ebook: Managerial Accounting - Global Edition Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing The emphasis is on teaching students to use accounting information to best manage an organization Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter There is significant coverage of contemporary topics such as activity based costing target costing the value chain customer profitability analysis and throughput costing while also including traditional topics such as job order costing budgeting and performance evaluation Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U S edition

International and Multinational Accounting Ahmed Riahi-Belkaoui, 1994 Intended for upper level undergraduate and postgraduate students in international accounting this book covers the issues affecting multinational firms as well as the accounting techniques used to solve them Relying on academic and professional international accounting literature it discusses issues and solutions in multinational institutions multinational management accounting multinational financial accounting international taxation and comparative auditing to match the format of a typical international accounting course Where necessary other international research issues are identified and included to demonstrate the multi dimensional nature

of international accounting Business Information Sources Lorna M.
