of the 1980s successor to the PSROs the federally designated peer review organizations PROs established to ensure quality and utilization efficient care for Medicare Links between the federal and state governments and between professional associations and private review entities have been developed to make this shared responsibility manifest in the delivery and reimbursement of health services This responsibility is seen in light of both professional and legal accountability a view noted by Gibson and Singhas 1978 and Alger 1980 Accountability then becomes a concentric concept that elaborates on the pure view of quality and reflects the federal government's consumer protection activities during the 1970s The Joint Commission on Accreditation of Hospitals JCAH which has provided another primary historical leadership role in defining quality assurance has promoted the evolution of the concept of resource limitations as a part of the definition of quality assurance
