Murder in the Key of E Flat Robert James Warner,2001-10-01     The Musical Milkman Murder - In the idyllic country village used to film Midsomer Murders, it was the real-life murder story that shocked 1920 Britain Quentin Falk,2012-09-28  
On October 8 1920 the body of a young woman named Kate Lilian Bailey aged 22 was discovered It transpired that her husband George Arthur Bailey had poisoned his seven months pregnant wife with prussic acid and with a whiff of the same chloroform he used to ease her final anguish sedated his three year old daughter whom he placed in bed next to the corpse Fourteen hours later he fled the cottage taking his child to relatives in Swindon before being arrested three days after the murder at Reading Station with four kinds of poison in his pockets Police also found a note suggesting that Bailey had intended to kill his little girl as well as himself and his wife So was this simply the botched suicide pact of a devoted couple that had gone tragically out of control All would be revealed at a sensational 1921 trial at Aylesbury Assizes a shabby record of forgery fraud theft false information and army desertion Bailey also known to the police as George Cox and Ronald Gilbert Treherne or Tremayne was also it s said a budding sex criminal and a fantasist of the first order Although curiously he didn t plead insanity at his trial the accused had a history of mental disorder including nervous breakdowns and several suicide attempts At his trial where women would sit on an English murder jury for the first time Bailey denied all the charges The prosecution argued that Bailey murdered his wife in order to be free to seduce innocent local girls and a conviction was swiftly secured after the four day trial Despite an appeal Bailey was hanged three clear Sundays after the jury returned with its verdict George was a milkman and was known as the musical milkman because he could be heard whistling while on his daily rounds

Appreciation of Music Frank Stewart Howes,1928     **Gustav Mahler** Donald Mitchell,1980-01-01 Donald Mitchell s second book on the life and work of Gustav Mahler focuses principally on Mahler s first settings of Wunderhorn texts volumes I and II of the Lieder und Gesaenge his first song cycle the Lieder eines fahrenden Gesellen the later orchestral settings of Wunderhorn poems The central section of the book explores the extraordinary and often eccentric chronology of the First Second and Third Symphonies composition an often minute exploration which reveals the interpenetration of song and symphony in this period of Mahler s art emphasizes the significance for these works of imagery drawn from the Wunderhorn anthology and calls attention to the ambiguous position occupied by much of Mahler s music at this time suspended as it was between the rival claims and forms of symphony and symphonic poem The final section of the book not only looks at the Fourth Symphony as the final perhaps most perfect flowering of Mahler s Wunderhorn symphonies but also investigates such fascinating topics as the relationship between Mahler and Berlioz Mahler s addiction to the E flat clarinet and the influence of Bach on Mahler s later masterpieces
