facilitates the leveraging of local knowledge and expertise and the earning of the trust of the local people is deemed essential for the successful implementation of a BOP strategy What does social embeddedness mean What does it entail for the businesses How should businesses be embedded in the local networks Dina Badry seeks to answer these questions in her excellent dissertation through her conceptualization and empirical research which examines the different strategic intentions of business units operation at the BOP level and their potential network partners following social network theory I have little doubt that this study has contributed to our understanding of social embeddedness and will prove itself to be invaluable for academics as well as practitioners Prof Dr Li Choy Chong VII Acknowledgements Writing this dissertation has been a significant academic and personal challenge in my life Fortunately I have received invaluable support patience and guidance from many people to whom I want to express my sincere gratitude I would like to thank my dissertation committee Prof Dr Li Choy Chong and Prof Dr *Inside Indonesia* ,1994 *Representing the Japanese Occupation of Indonesia* Remco Raben,1999 Rather than a history of the war and occupation of Indonesia during the years 1942 1945 *Representing the Japanese Occupation of Indonesia* offers a survey of the way in which Indonesia Japan and the Netherlands have shaped the memory of that episode Comparison of the memories in the three countries brings out the national patterns of memory This volume gives an impression of the layered and pluriform nature of memory and of the different forms of expression of memory from the most personal level of oral testimony to the most public representation in monuments and films
