*Dead Foot Dead Engine* Tomislav Tolj Egui, 2022-05-12 About the

Author Tomislav Tolj Egui is an experienced CFI CFII and MEI. For him everything started back in Venezuela when he signed up for private pilot ground lessons when his other friends were studying in the University. No one believed that he was going to become a private pilot one day. At the end of the ground training normally 6 months he was told by the flight school that there was no fuel to fly the airplanes. Tomislav's parents made the decision of flying him to Miami in order to become a pilot. Always with a passion to teach and share knowledge to others he decided to follow that path and became a CFI after getting Private Instruments and Commercial certificates. In order to support his dad in economic ways he decided to start working at Dolphin mall in sales and at a restaurant in Kendall to pay for his training as a CFII multi add on and eventually the MEI certificate. That's where he developed a passion for sales and the initiative of learning something new every single day about successful businesses. Sharing the knowledge experiences and stories about aviation are just three of the many things that he likes to do with his students. Reading and studying are the fundamental habits for every pilot and Tomislav wanted that to happen for his future students. That's when he decided to write his first book called *The Flight Log of a CFI* and the main reason why he is writing down this complete concrete and concise multi engine book.
