Murder In A Good Cause:

Murder in Good Cause Medora Sole,1993-01-01 On the Existence and Relevance of God Clement Dore,2016-07-27

The main aims of this book are to establish that it is rational to believe that God exists to show how God relates to morality and to show how God is causally connected to his creation Dore defends a version of the ontological argument and refutes the atheistic argument from suffering He argues that only God can account for the overridingness of morality He also treats ethical supernaturalism as a type of ethical attitude theory showing how it is related to secular theories which base valid judgments of moral goodness and evil on pro and con attitudes He illustrates precisely how given scientific explanation theistic explanation of the empirical universe can get a foothold His method is to adopt and defend a version of theistic Berkeley like phenomenalism and in that connection a pragmatic instrumentalist interpretation of scientific theories
