2002 Romantic Ideas Cyndi Haynes, 1997-01-01 In the tradition of 2002 Things to Do on a Date 2002 Ways to Say I Love You and 2002 Ways to Find Attract and Keep a Mate Cyndi Haynes and Dale Edwards offer 2002 new romantic ideas that are perfect for every relationship *My Dark Room* Julie Park, 2023-08-03 Examines spaces of inner life in eighteenth century England to shed new light on interiority in literature and visual and material culture In what kinds of spaces do we become most aware of the thoughts in our own heads In My Dark Room Julie Park explores places of solitude and enclosure that gave eighteenth century subjects closer access to their inner worlds grottos writing closets landscape follies and the camera obscura that beguiling dark room inside which the outside world in all its motion and color is projected The camera obscura and its dreamlike projections within it served as a paradigm for the everyday spaces whether in built environments or in imaginative writing that generated the fleeting states of interiority eighteenth century subjects were compelled to experience and inhabit My Dark Room illuminates the spatial and physical dimensions of inner life in the long eighteenth century by synthesizing material analyses of diverse media from optical devices and landscape architecture to women's intimate dress with close readings of literary texts not traditionally considered together among them Andrew Marvell's country house poem Upon Appleton House Margaret Cavendish's experimental epistolary work Sociable Letters Alexander Pope's heroic verse epistle Eloisa to Abelard and Samuel Richardson's novel Pamela Park also analyzes letters and diaries architectural plans prints drawings paintings and more drawing our attention to the lively interactions between spaces and psyches in private environments Park's innovative method of spatial formalism reveals how physical settings enable psychic interiors to achieve vitality in lives both real and imagined Sexiness and Gender in Gothic Youth Culture. How do Ideals of Beauty Relate to Gender Roles? Giuliana Helm, 2015-11-04 Seminar paper from the year 2014 in the subject English Language and Literature Studies Culture and Applied Geography grade 3.0 University of Bamberg Department of English Culture Studies course 150 Years of Neo Gothic Literature Architecture Youth Culture language English abstract This term paper investigates and explores the Gothic subculture and attempts to bridge the gap between the question of what ideals of beauty and sexual appeal are prevalent in the Gothic scene and how they relate to notions of gender This term paper cannot even begin to cover every layer of the Gothic subculture But it will give an insight into the most visible as well as a few invisible features helping to understand the connection between the Gothic idea of sexiness beauty and the role of gender Starting with a clear and brief insight into the emergence of the Gothic subculture and with a cohort introduction into the ideology of the Goth the term paper continues with explaining the importance of fashion within the Goths lifestyle and with the essential features of their special to get dressed The next chapter illustrates the ideas of beauty in regard to being a Goth followed by the exploration

how Goths define sexiness and salability in consideration of their dress code and their lifestyle The term paper finally concludes with the development of gender roles prevalent in the scene This year the year 2014 is the year of the 250th anniversary of Neo Gothic and Horace Walpole s novel The Castle of Otranto published in 1764 is seen as the first representative of the Gothic romance Its main innovation was to arouse opposed emotions such as horror and commiseration This use of a radical contrast is one of the hallmarks of Gothic light and dark good and evil love sex and death Gothic is to be counted to one of those terms that have to be observed more closely because it contains more than at first sight Gothic is not just black clothes and a depressive attitude It rather turns out to be really difficult to encompass because it comprises many different aspects Gothic stands for architecture for literature and for the special present subculture the Goths This term paper does not approach the architectural or literary aspects of Gothic
