James McNeill Whistler and France Suzanne Singletary,2016-11-18 In this first full length study to position James McNeill Whistler within the trajectory of French modernism his dialogues with Courbet Manet Degas Monet and Seurat are examined in depth Inserting Whistler into the dynamics of the French avant garde reveals the depth and pervasiveness of his presence and the revolutionary nature of his role in shaping modernism **Monet's Minutes** André

Dombrowski,2023-01-01 A stunning exploration of the vital links between Claude Monet s Impressionism and the time technologies that helped define modernity in the nineteenth century Monet s Minutes is a revelatory account charting the relationship between the works of Claude Monet 1840 1926 founder of French Impressionism and one of the world s best known painters and the modern experience of time Andr Dombrowski illuminates Monet s celebration of instantaneity in the context of the late nineteenth century time technologies that underwrote it Monet s version of Impressionism demonstrated an acute awareness of the particularly modern pressures of time but until now scholars have not examined the histories and technologies of time and timekeeping that informed Impressionism s major stylistic shifts Arguing that the fascination with instantaneity rejected the dulling cultures of newly routinized and standardized time Monet s Minutes traces the evolution of Monet s art to what were then seismic shifts in the shape of time itself In each chapter Dombrowski focuses on the connections between a set of Monet s works and a specific technology or experience of time while providing the voices of period critics responding to Impressionism Grounded in exceptional research and analyses this book offers new interpretations of key works by Monet and a fresh perspective on late nineteenth century art society and modern temporality
