**Claude Monet** Christoph Heinrich,1996     **Shades—Of Painting at the Limit** John Sallis,2017-02-11 Sallis's ideas are presented in a singular scholarly remarkable captivating conceptually rigorous dense and deep manner Highly recommended Choice This fascinating book by one of the more original voices writing philosophy in English poses questions about the nature of the visible and invisible sensible and intelligible Dennis Schmidt What is it that an artist paints in a painting Working from paintings themselves rather than from philosophical theories John Sallis shows how through shades and limits the painter renders visible the light that confers visibility on things In his extended examination of three phases in the development of modern painting Sallis focuses on the work of Claude Monet Wassily Kandinsky and Mimmo Paladino three painters who each in his own way carry painting to the limit     **Monet's Minutes** André Dombrowski,2023-01-01 A stunning exploration of the vital links between Claude Monet's Impressionism and the time technologies that helped define modernity in the nineteenth century Monet's Minutes is a revelatory account charting the relationship between the works of Claude Monet 1840 1926 founder of French Impressionism and one of the world's best known painters and the modern experience of time Andr Dombrowski illuminates Monet's celebration of instantaneity in the context of the late nineteenth century time technologies that underwrote it Monet's version of Impressionism demonstrated an acute awareness of the particularly modern pressures of time but until now scholars have not examined the histories and technologies of time and timekeeping that informed Impressionism's major stylistic shifts Arguing that the fascination with instantaneity rejected the dulling cultures of newly routinized and standardized time Monet's Minutes traces the evolution of Monet's art to what were then seismic shifts in the shape of time itself In each chapter Dombrowski focuses on the connections between a set of Monet's works and a specific technology or experience of time while providing the voices of period critics responding to Impressionism Grounded in exceptional research and analyses this book offers new interpretations of key works by Monet and a fresh perspective on late nineteenth century art society and modern temporality     **Monet's Series** Grace Seiberling,1981     **National Gallery: Monet Set of 3 MIDI Notebooks** Flame Tree Studio,2024-10-15 Shrink wrapped
