

THE MONIED METROPOLIS

*New York City
and the
Consolidation
of the American
Bourgeoisie,
1850 — 1896*

SVEN BECKERT

Monied Metropolis

Washington Irving

Monied Metropolis:

The Monied Metropolis Sven Beckert, 2001-03-19 This book first published in 2001 is a comprehensive history of the most powerful group in the nineteenth century United States New York City's economic elite This small and diverse group of Americans accumulated unprecedented economic social and political power and decisively put their mark on the age Professor Beckert explores how capital owning New Yorkers overcame their distinct antebellum identities to forge dense social networks create powerful social institutions and articulate an increasingly coherent view of the world and their place within it Actively engaging in a rapidly changing economic social and political environment these merchants industrialists bankers and professionals metamorphosed into a social class In the process these upper class New Yorkers put their stamp on the major political conflicts of the day ranging from the Civil War to municipal elections Employing the methods of social history *The Monied Metropolis* explores the big issues of nineteenth century social change *The Monied Metropolis* Sven Beckert, 2014-08-14 This book first published in 2001 is a comprehensive history of nineteenth century New York City's powerful economic elite *The Monied Metropolis* Sven Beckert, 2014-08-21 Tracing the shifting fortunes and changing character of New York City's economic elite over half a century Becker examines a chapter in the social history of the United States the rise of the American bourgeoisie Illustrations **The Monied Metropolis** Sven Beckert, 2001 Finally in the 1880s and 1890s we observe the emergence of a fully self conscious and inordinately powerful New York upper class Drawing on a remarkable range of sources from tax lists to personal papers credit ratings to congressional testimony *The Monied Metropolis* provides a richly textured historical portrait of society redefining itself Its reach extends well beyond New York into the most important issues of social and political change in nineteenth century America Jacket *Washington Gladden's Church* David Mislin, 2019-09-06 This is the first significant book length biography in over 50 years of Washington Gladden a minister journalist and reformer whose message of religious liberalism came to define modern Protestantism in the United States Although largely forgotten today Gladden was one of the most well known pastors of his time and a leader of the social gospel and progressive movement Mislin chronicles Gladden's early years bristling against the culture of a pious small town in upstate New York his personal and family struggles during the Civil War and his eventual professional success that came by providing a religious message for a society struggling with skepticism about organized religion massive economic inequality rampant corporate malfeasance and widespread racial and religious bigotry Through this book Gladden's life emerges as both a model for the fusion of progressive political social and religious commitments as well as a cautionary tale of the potential perils for those who critique society from inside elite institutions **Property Rites** Elizabeth M. Smith-Pryor, 2009 In 1925 Leonard Rhinelander the youngest son of a wealthy New York society family sued to end his marriage to Alice Jones a former domestic servant and the daughter of a colored cabman After being married only one month Rhinelander pressed for the *Cotton Capitalists* Michael R. Cohen, 2017-12-26 In the nineteenth century Jewish merchants

created a thriving niche economy in the cotton trade positioning themselves at the forefront of capitalist expansion Jewish involvement in the cotton industry transformed both Jewish communities and their broader economic restructuring of the South Cotton Capitalists analyzes this niche economy revealing how Jewish merchants status as a minority fostered ethnic economic networks which became the key to the merchant s success Michael R Cohen argues that Jewish merchants in the Gulf South faced with anti Jewish prejudice in an era where business relationships were based primarily upon trust used ethnic ties with other Jewish owned firms across the globe to sidestep those prejudices Following the Civil War they relied on these connections to direct Northern credit and goods to the economically devastated South These relationships allowed them to survive the volatility of the Reconstruction Era while many of their non Jewish competitors went under Beyond the story of American Jewish success and integration this book demonstrates the role of ethnicity in the development of global capitalism Dust jacket **Alhambra**, 1871 **Stories of the Hudson** Washington Irving, 1912 Contemporary Authors Terrie M. Rooney, 2002-07 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors R **The Law of Civilization and Decay** Brooks Adams, 1896 **The Works of Washington Irving** Washington Irving, 1881 Biographies and Miscellaneous Papers Irving, 1882 **Works: Spanish papers, Biographies and miscellanies** Washington Irving, 1881 **A Question of Taste** Nina Markov, 2003 *Dialogues in Art History, from Mesopotamian to Modern* Center for Advanced Study in the Visual Arts (U.S.), 2009 Proceedings of the symposium Dialogues in art history organized by the Center for Advanced study in the Visual Arts National Gallery of Art and sponsored by the Paul Mellon Fund The symposium was held April 21 22 2005 in Washington D C **Domesticating the West** Brenda K. Jackson, 2005 In 1881 Thomas and Elizabeth Tannatt said a final good bye to Massachusetts and the eastern seaboard and set out in search not of land but of opportunities for social and political advancement Facing severe limitations to their goals in the depressed and disheveled postwar East the Tannatts went west to Walla Walla Washington Territory to pursue their dreams of influence and status Domesticating the West examines the motivations of late nineteenth century middle class migrants who moved west to build communities and establish themselves as leaders The West offered new opportunities for solidly middle class eastern families who endured hardship uncertainty and displacement during the Civil War and who struggled to carve out meaningful social space in the war s aftermath Brenda K Jackson places the Tannatts at the center of this movement and demonstrates how gender class and place affected the new migrants abilities to integrate into their new communities She also shows how easterners redefined themselves as leaders of a new moral western environment through volunteerism and political participation While many studies of westward expansion focus exclusively on the earliest pioneers Jackson adroitly shows how later arrivals shaped the social economic and cultural growth of the nation Brenda K Jackson is an assistant professor of history at Belmont University **Social Change in America** Christopher Clark, 2006-04-27 The processes of social change in the late colonial period and early years of the new Republic made a

dramatic imprint on the character of American society These changes over a century or more were rooted in the origins of the United States its rapid expansion of people and territory its patterns of economic change and development and the conflicts that led to its cataclysmic division and reunification through the Civil War Christopher Clark s brilliant account of these changes in the social relationships of Americans breaks new ground in its emphasis on the connections between the crucial importance of free and unfree labor regional characteristics and the sustained tension between arguments for geographic expansion versus economic development Mr Clark traces the significance of families and households throughout the period showing how work and different kinds of labor produced a varied access to power and wealth among free and unfree male and female and how the character of social elites was confronted by democratic pressures He shows how the features of the different regions exercised long term influences in American society and politics and were modified by pressures for change And he explains how the widening gap between the claims of free labor and those of slavery fueled the continuing dispute over the best economic course for the nation s future and led ultimately to the Civil War Like other long running divisions in American society however this dispute was not fully resolved by the war s outcome Social Change in America is a compelling new overview of the social dynamics of America s early years *Program of the ... Annual Meeting of the American Historical Association* American Historical Association. Meeting,American Historical Association,2002 Some programs include also the programs of societies meeting concurrently with the association *The Virginia Quarterly Review* ,2010
