**Monkey Planet** Pierre Boulle, 1964      *Timeline Of The Planet Of The Apes* Rich Handley, 2008-11 The definitive unauthorized chronology Cover      **Planet of the Apes** Pierre Boulle, 2011-04-13 The original novel that inspired the films First published more than fifty years ago Pierre Boulle's chilling novel launched one of the greatest science fiction sagas in motion picture history In the not too distant future three astronauts land on what appears to be a planet just like Earth with lush forests a temperate climate and breathable air But while it appears to be a paradise nothing is what it seems They soon discover the terrifying truth On this world humans are savage beasts and apes rule as their civilized masters In an ironic novel of nonstop action and breathless intrigue one man struggles to unlock the secret of a terrifying civilization all the while wondering Will he become the savior of the human race or the final witness to its damnation In a shocking climax that rivals that of the original movie Boulle delivers the answer in a masterpiece of adventure satire and suspense      *The Fantastic Made Visible* Matthew Wilhelm Kapell, Ace G. Pilkington, 2015-05-01 Fantasy and science fiction began in print and from the first films to the latest blockbusters print stories have provided the inspirations the ideas and in some cases the detailed blueprints Adaption Studies has long been an area of intense debate in literature and film studies but no single work has ever approached fantasy and science fiction texts as unique and important areas of inquiry by themselves *The Fantastic Made Visible* with 16 fresh essays is the first book to do exactly that From the earliest adaptations of Jules Verne Robert A Heinlein and Shakespeare to recent films based on *The Hobbit* *Planet of the Apes* and *The Hunger Games* this book offers a wide range of critical approaches and films from around the world      **Projecting Tomorrow** James Chapman, Nicholas J. Cull, 2013-01-30 Cinema and science fiction were made for each other The science fiction genre has produced some of the most extraordinary films ever made yet science fiction cinema is about more than just special effects It has also provided a vehicle for filmmakers and writers to comment on their own societies and cultures This new exploration of the genre examines landmark science fiction films from the 1930s to the present They include genre classics such as *Things to Come* *Forbidden Planet* and 2001 *A Space Odyssey* alongside modern blockbusters *Star Wars* and *Avatar* Chapman and Cull consider both screen originals and adaptations of the work of major science fiction authors They also range widely across the genre from pulp adventure and space opera to political allegory and speculative documentary there is even a science fiction musical Informed throughout by extensive research in US and British archives the book documents the production histories of each film to show how they made their way to the screen and why they turned out the way they did      **Planet of the Apes** Charles Marshall, Kent Burles, Barb Kaalberg, 1991      *Postcolonial Ecocriticism* Graham Huggan, Helen Tiffin, 2015-04-17 This second edition of *Postcolonial Ecocriticism* a book foundational for its field has been updated to consider recent developments in the area such as environmental humanities and animal studies Graham Huggan and Helen Tiffin examine transverse relations between humans animals and the environment across a wide range of postcolonial literary

texts and also address key issues such as global warming food security human over population in the context of animal extinction queer ecology and the connections between postcolonial and disability theory Considering the postcolonial first from an environmental and then a zoocritical perspective the book looks at Narratives of development in postcolonial writing Entitlement belonging and the pastoral Colonial asset stripping and the Christian mission The politics of eating and the representation of cannibalism Animality and spirituality Sentimentality and anthropomorphism The changing place of humans and animals in a posthuman world With a new preface written specifically for this edition and an annotated list of suggestions for further reading Postcolonial Ecocriticism offers a comprehensive and fully up to date introduction to a rapidly expanding field
