Money Masters of Our Time John Train, 2003-05-13 An expert reviews the experts new and updated appraisals of the winning investment strategies of the greatest financial wizards Money Masters of Our Time is a reappraisal and revision of those money masters who have stood the test of time plus a look at new money masters Train emphasises the parts of their various business careers that illuminate their investment techniques focusing on notable individuals whose decisions to buy and sell have actually made money grow How do they reason Where do they get their information How much do they depend on fact and how much on psychology What are their criteria in selecting a stock What stocks are they buying now and why The Money Masters covered are Warren Buffet Paul Cabot Philip Carret Philip Fisher Benjamin Graham Mark Lightbrown Peter Lynch John Neff T Rowe Price Richard Rainwater Julian Robertson Jim Rogers George Soros Michael Steinhardt John Templeton Ralph Wanger Robert Wilson Train centres on their investment techniques and methods and also gives brief biographical evaluations *The Winning Investment Habits of Warren Buffett & George Soros* Mark Tier, 2013-09-17 Warren Buffett Carl Icahn and George Soros all started with nothing and made billion dollar fortunes solely by investing But their investment strategies are so widely divergent what could they possibly have in common As Mark Tier demonstrates in this insightful book the secrets that made Buffet Icahn and Soros the world s three richest investors are the same mental habits and strategies they all practice religiously However these are mental habits and strategies that fly in the face of Wall Street s conventional mindset For example Buffett Icahn and Soros do not diversify When they buy they buy as much as they can They re not focused on the profits they expect to make Going in they re not investing for the money at all They don t believe that big profits involve big risks In fact they re far more focused on not losing money than making it Wall Street research reports They never read them They re not interested in what other people think Indeed Buffett says he only reads analyst reports when he needs a laugh In *The Winning Investment Habits of Warren Buffett George Soros* you can discover how the mental habits that guided your last investment decision stack up against those of Buffett Icahn and Soros Then learn exactly how you can apply the wealth building secrets of the world s richest investors to transform your own investment results *Meditations on Money* Donna Schaper, 2025-12-11 A spiritual guide on money for people who may be ambivalent about both filled with inspiring calming meditations and practical advice on reducing financial stress **Inside the House of Money** Steven Drobny, 2006-04-20 Inside the House of Money lifts the veil on the typically opaque world of hedge funds offering a rare glimpse at how today s highest paid money managers approach their craft Author Steven Drobny demystifies how these star traders make billions for well heeled investors revealing their theories strategies and approaches to markets Drobny cofounder of Drobny Global Advisors an international macroeconomic research and advisory firm has tapped into his network and beyond in order assemble this collection of thirteen interviews with the industry s best minds Along the way you ll get an inside look at firsthand trading experiences through some of the major world financial crises of the last few decades
