Bradfield, 2024-11-10 In the empire of Ingvald where magic is the norm Jahn's lack of it makes him a rare exception His close bond with Maree a nobleman's daughter takes a dramatic turn when he discovers his true identity he is the older twin brother of Princess Elora and the rightful heir to the throne This revelation thrusts them into a world of royal secrets and peril As they navigate a labyrinth of political intrigue and church conspiracies Jahn's unique non magical nature and Maree's emerging magical talents become key to their survival Their journey challenges their understanding of their world testing the limits of their friendship loyalty and love Prince of Ruins weaves a rich tapestry of magic romance and rebellion It delves into the complexities of destiny and power inviting readers to explore a realm where hidden truths and royal legacies define the future Jahn Maree and Elora's story is not just about fighting against the odds it's about discovering one's true place in a world where nothing is as it seems Monks and Magic B. J. Terwiel, 2012 This study of Buddhism as practised in a community in rural Thailand describes how esoteric spells and magical diagrams were the main interest of children while full ritual knowledge was obtained in adulthood and tempered by life experiences This edition includes new material on magic and Buddhism Magic in the Cloister Sophie Page, 2015-06-26 During the late thirteenth and early fourteenth centuries a group of monks with occult interests donated what became a remarkable collection of more than thirty magic texts to the library of the Benedictine abbey of St Augustine's in Canterbury The monks collected texts that provided positive

justifications for the practice of magic and books in which works of magic were copied side by side with works of more licit genres In *Magic in the Cloister* Sophie Page uses this collection to explore the gradual shift toward more positive attitudes to magical texts and ideas in medieval Europe She examines what attracted monks to magic texts works and how they combined magic with their intellectual interests and monastic life By showing how it was possible for religious insiders to integrate magical studies with their orthodox worldview *Magic in the Cloister* contributes to a broader understanding of the role of magical texts and ideas and their acceptance in the late Middle Ages

Translation series ,1930 Buddhist Magic Sam van Schaik,2020-07-28 A fascinating exploration of the role that magic has played in the history of Buddhism As far back as we can see in the historical record Buddhist monks and nuns have offered services including healing divination rain making aggressive magic and love magic to local clients Studying this history scholar Sam van Schaik concludes that magic and healing have played a key role in Buddhism s flourishing yet they have rarely been studied in academic circles or by Western practitioners The exclusion of magical practices and powers from most discussions of Buddhism in the modern era can be seen as part of the appropriation of Buddhism by Westerners as well as an effect of modernization movements within Asian Buddhism However if we are to understand the way Buddhism has worked in the past the way it still works now in many societies and the way it can work in the future we need to examine these overlooked aspects of Buddhist practice In Buddhist Magic van Schaik takes a book of spells and rituals one of the earliest that has survived from the Silk Road site of Dunhuang as the key reference point for discussing Buddhist magic in Tibet and beyond After situating Buddhist magic within a cross cultural history of world magic he discusses sources of magic in Buddhist scripture early Buddhist rituals of protection medicine and the spread of Buddhism and magic users Including material from across the vast array of Buddhist traditions van Schaik offers readers a fascinating nuanced view of a topic that has too long been ignored Monks and Magicians Phyllis Emily Granoff,Koichi Shinohara,1988 Gathers essays about the lives of Jain and Buddhist figures in India and Buddhist kings and monks in Tibet and China and covers pilgrimage sites funerary customs and the spread of religious ideas **Narratives of the mission of George Bogle to Tibet; and of the journey of Thomas Manning to Lhasa ...** George Bogle,1879 **The New International Encyclopædia** Daniel Coit Gilman,Harry Thurston Peck,Frank Moore Colby,1904 **Journal of the Buddhist Text and Anthropological Society** ,1897 **The Saddharma-Pundarîka Or the Lotus of the True Law** ,1884 **Roman Society in the Last Century of the Western Empire** Samuel Dill,1905 **Saddharma-Pundarika** ,1909 *The Sacred Books of the East: The Saddharma-Pundarika; or the Lotus of the true law* ,1909
