Gleaned from dozens of interviews with advertisers, marketers, software developers, journalists, and publishers, the book reveals how native advertising fits into the marketing strategies and advertising budgets of successful companies such as GE, Intel, HP, Red Bull, ConAgra Foods, Pepsi, and others. **The New York Times Magazine**, 2009 **The Book Review Digest**, 2007 *Taking Sides: Clashing Views in Mass Media and Society* Alison Alexander, Jarice Hanson, 2010-02-23 This volume presents current controversial issues surrounding mass media and society in a debate style format designed to stimulate student interest and develop critical thinking skills. In the newly revised sixth edition of *The Person: A New Introduction to Personality Psychology*, a team of distinguished researchers delivers an engaging and personal introduction to personality science as it is currently expressed in contemporary research and theory and in the context of specific individual lives. They also present a developmental perspective from which to understand personality. This book includes the presentation of 29 individual case studies of well-known personalities from Lady Gaga to Charles Darwin, each of which illustrates a key area or idea in personality psychology. Following the development of personality from the display of infantile temperament traits through the evolution of a person's life goals, values, and integrative stories that we construct and internalize to make narrative sense of our lives, *The Person* also includes: A thoroughly engaging story about what it means to be a good person and how people are different from one another; Comprehensive explorations of the latest research in personality science as applied to case studies of contemporary and historical persons; Practical discussions of how both human evolution and human culture shape our lives; A literate and compelling style that engages the reader in a personal relationship with the authors; Perfect for undergraduate students of personality psychology. *The Person: A New*
