Horror Literature Marshall B. Tymn, 1981 **The Outline of Knowledge: The romance of the arts, by F. H. Martens** James Albert Richards, 1924 Histories of Science David Alff, Danielle Spratt, 2025-06-30 Spreading the news of scientific breakthroughs in the eighteenth century Histories of Science shows how different forms of media communicated scientific breakthroughs during the long eighteenth century bringing together eighteen humanities scholars to discuss the representation reception and application of natural philosophy in the Atlantic world In particular the authors focus on descriptions of scientific discoveries in popular print with essays on topics as varied as placebo pills irrigation systems and navigational technology And while each contributor advances a discrete argument the collection coheres in its shared questions of methodology historicity and ethics Histories of Science expands our record of the past our understanding of the present and our ability to imagine the future **The Outline of Knowledge: The romance of the arts** James Albert Richards, 1924 **Fragment AM 315e of the older Gulathing law** George Tobias Flom, 1928 **The Development of the English Novel** Wilbur Lucius Cross, 1927 **Coleridge the Poet** George Watson, 2016-06-17 First published in 1966 Despite the intense interest in Coleridge in the twentieth century this book represents the first study of Coleridge's poetry to be published in Britain It is also the first to be based upon the conclusion that Coleridge's greatness as a poet is a matter of achievement rather than aspiration and to argue that his literary career was nearly half a century long consisting of more than just well known texts like The Ancient Mariner and Kubla Khan The author argues the formality of the romantic achievement and its success in creating whole and fully realised poems in the established literary kinds **The American Mind: THE COLONIAL PERIOD, 1607-1761. Colonial beginnings in Virginia and New England. From A description of New England. A call for American colonists. From The generall historie of Virginia. Pocahontas** Harry Redcay Warfel, Ralph Henry Gabriel, Stanley Thomas Williams, 1937 **University of Illinois Studies in Language and Literature**, 1928 The Quarterly review, 1894 **The Pleasures of Reading** Catherine Sheldrick Ross, 2014-06-27

Based on years of ground breaking research this book supplies a look at the unique relationship between each text and the individual reader that results in a satisfying pleasurable and even life changing reading experience Following up on her critically acclaimed *Reading Matters What the Research Reveals about Reading Libraries and Community* Catherine Sheldrick Ross takes a new look at pleasure reading through 30 thought provoking essays based on themes arranged from A to Z In short lively chapters she discusses topics ranging from Alexia Bad Reading and Changing Lives to Romance Fiction Self help Titles Vampires and Year of Reading Drawing on her own research as well as other published sources Ross comments on the significance of each theme provides examples of the phenomenon and develops the topic chronologically through further examples or through reversals The essays are unified by an underlying theory of reading that views readers as sense makers actively engaged in reading themselves into the text and reading the texts back into their own lives It gives educators and librarians insights into their roles with readers and offers a message about the importance of pleasure reading A short list of resources for further reading is supplied with each topic
