Mulberry Empire A Novel:

The Mulberry Empire Philip Hensher, 2003-10-14 With Tolstoyan sweep and Dickensian vitality this epically involving historical novel relates England's tragic adventure in Afghanistan which began with the triumphant arrival of the Army of the Indus in 1839 and ended three years later in rout and massacre At the center of *The Mulberry Empire* is Alexander Burnes a Scots explorer who travels to the unfathomably remote kingdom of Afghanistan and first befriends and then reluctantly betrays its wise and impeccably courteous Amir But he is only one character in a cast that includes ladies and generals princes and deserters all brilliantly and sympathetically realized At once stirring and harrowing exotic and cautionary and as vividly colored as a Persian miniature the result is a tour de force of re creation and invention *Mezzaterra* Ahdaf Soueif, 2012-09-10 Globalisation is happening It is driven by economics ideology and communications But does this have to entail the annexation of chunks of the world by the Great Power of any given moment Surely that is the path to constant conflict to grief and misery There is another way to inhabit and broaden the common ground This is the ground where everybody is welcome the ground we need to defend and to expand It is in *Mezzaterra* that every responsible person on this planet now needs to pitch their tent This is the ground from which this book is calling Ahdaf Soueif is one of the finest commentators of our time Her clear eyed reporting is syndicated throughout the world and these essays written between 1981 and the present are collected here for the first time They are the direct result of Soueif's own circumstances of being as she puts it like hundreds of thousands of others people with an Arab or a Muslim background doing daily double takes when faced with their reflection in a western mirror From visiting Palestine and entering the Noble Sanctuary for the first time to interpretations of women who choose to wear the veil and to post September 11th commentary these selected essays are always perceptive fearless intelligent and necessary *The Mulberry Empire* Philip Hensher, 2002 **Bloomsbury Good Reading Guide** Nick Rennison, 2009-01-01 Deciding what to read next when you've just finished an unputdownable novel can be a daunting task The *Bloomsbury Good Reading Guide* features hundreds of authors and thousands of titles with navigation features to lead you on a rich journey through some of the best literature to grace our shelves This greatly expanded edition includes the latest contemporary authors and landmark novels an expanded non fiction section a timeline setting historical events against literary milestones prize winner and book club lists An accessible and easy to read guide that no serious book lover should be without The essential guide to the wild uncharted world of contemporary and 20th century writing Robert McCrum *The Observer* **Contemporary British Novelists** Nick Rennison, 2004-12-31 Featuring a broad range of contemporary British novelists from Iain Banks to Jeanette Winterson Louis de Bernieres to Irvine Welsh and Salman Rushdie this book offers an excellent introductory guide to the contemporary literary scene Each entry includes concise biographical information on each of the key novelists and analysis of their major works and themes Fully cross referenced and containing extensive guides to further reading *Fifty Contemporary British Novelists* is the ideal guide to
