Multiethnic Coalition Building in Los Angeles Eui-Young Yu, Edward T. Chang, 1995 *Making Space for Coalition Building* Melvin L. Oliver, David M. Grant, Alaric Battle, 1994 *Los Angeles--Struggles toward Multiethnic Community* Edward T. Chang, Russell Charles Leong, 2017-08-24

Myths and theories of the American melting pot of assimilation and of pluralistic society were shattered as racial violence during the 1992 Los Angeles uprising vividly exposed the inadequacy of our prior assumptions. The uprising revealed that radical approaches are needed to address structural issues of economic and political inequality and issues of race and representation. Los Angeles has emerged as a focal point for social scientists as they develop new ideas about race relations. This volume based on a special issue of *Amerasia Journal* focuses on race and ethnic relations in Los Angeles as they emerged out of the uprising and within the broader national picture. Latino and Asian and African American scholars, journalists, and writers have contributed two dozen essays, commentaries, and literary works. Among the scholarly essays are *Jewish and Korean Merchants in African American Neighborhoods* by Edward Chang, *Communication between African Americans and Korean Americans before and after the Los Angeles Riots* by Ella Stewart, *Asian Americans and Latinos in San Gabriel Valley, California* by Leland T. Saito, *The South Central Los Angeles Eruption: A Latino Perspective* by Armando Navarro, and *Race, Class, Conflict, and Empowerment on Ice Cube's Black Korea* by Jeff Chang. Commentaries by Asian and African American writers feature Larry Aubry, Angela E. Oh, Sharon Park, Amy Uyematsu, Erich Nakano, Walter Lew, and Miriam Ching Louie. A selection of literary writings features Mari Sunaida Ko, Won Wanda Coleman, Mellonee R. Houston, Sae Lee, Nat Jones, Arjuna Chung, Mi Kim, and Lynn Manning.

Making Space for Coalition Building Melvin L. Oliver, David M. Grant, Alaric Battle, 1994 *Contemporary Asian America (second Edition)* Min Zhou, J. V. Gatewood, 2007-10

When *Contemporary Asian America* was first published, it exposed its readers to developments within the discipline from its inception as part of the ethnic consciousness movement of the 1960s to the more contemporary theoretical and practical issues facing Asian America at the century's end. This new edition features a number of fresh entries and updated material. It covers such topics as Asian American activism, immigration, community formation, family relations, gender roles, sexuality, identity, struggle for social justice, interethnic conflict, coalition, and political participation. As in the first edition, *Contemporary Asian America* provides an expansive introduction to the central readings in Asian American Studies, presenting a grounded theoretical orientation to the discipline and framing key historical, cultural, economic, and social themes with a social science focus. This critical text offers a broad overview of Asian American studies and the current state of Asian America.

Multiethnic Coalition Building in Los Angeles Eui-Young Yu, Edward T. Chang, 1995-01-01 **Legacies of Struggle** Angie Y. Chung, 2007

Since the 1992 Los Angeles riots, Koreatown has become increasingly fractured by intergenerational conflict, class polarization, and suburban flight. In the face of these struggles, community organizations can provide centralized resources and infrastructure to foster an ethnic consciousness and political solidarity among Korean

Americans This book analyzes the role of ethnic community based organizations and the dynamics of contemporary Korean American politics Drawing on two case studies the author identifies diverse ways in which community based organizations negotiate their political agendas and mainstream ties within the traditional ethnic power structures One organization promotes middle class ethnic goals through accommodation to immigrant leaders while the other emphasizes social justice through alliances with outside interest groups Both cases challenge the traditional assumption that assimilation undermines ethnicity as a meaningful framework for political identity and solidarity in immigrant groups Legacies of Struggle reveals how community based organizations create innovative spaces for political participation among new generations of Korean Americans

Asian and Latino Immigrants in a Restructuring Economy Marta López-Garza,2002-06-01 Experiencing both the enormous benefits and the serious detriments of globalization and economic restructuring Southern California serves as a magnet for immigrants from many parts of the world This volume advances an emerging body of work that centers this region s future on the links between the two fastest growing racial groups in California Asians and Latinos and the economic and social mainstream of this important sector of the global economy The contributors to the anthology scholars and community leaders with social science urban planning and legal backgrounds provide a multi faceted analysis of gender class and race relations They also examine various forms of immigrant economic participation from low wage workers to entrepreneurs and capital investors Asian and Latino Immigrants in a Restructuring Economy documents the entrenchment of various immigrant communities in the socio political and economic fabric of United States society and these communities role in transforming the Los Angeles region

The Los Angeles Riots Mark Baldassare,David O Sears,Edgar W Butler,Peter A Morrison,2019-06-12 The Los Angeles riots in the Spring of 1992 were among the most violent and destructive events in twentieth century urban America This collection of original essays by leading urban experts offers the first comprehensive analysis of the unrest that took place after a jury acquitted the police officers who were accused of using excessive force in t

Encyclopedia of Diasporas Melvin Ember,Carol R. Ember,Ian Skoggard,2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world s cultures and provides an overview of important topics in the world s diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and political reasons for leaving the original countries and the cultures in the new places

Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in the forefront of receiving immigrant cultures

Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies *Collective Violence* Craig Summers, Eric Markusen, 1999 This collection presents a range of theoretical and disciplinary approaches to the subject of collective violence The distinguished contributors investigate the factors that contribute to the social context of violence and examine the ways of thinking that allow participation in harmful activities **Latino/Hispanic Liaisons and Visions for Human Behavior in the Social Environment** Felix G.
