The Road to Multiculturalism in South Korea Timothy Lim, 2020-12-13

This book aims to capture the complicated development of Korea from monoethnic to multicultural society, challenging the narrative of ethnonational continuity in Korea through a discursive institutional approach. At a time when immigration is changing the face of South Korea and an increasingly diverse society becomes an empirical fact, this doesn't necessarily mean that multiculturalism has been embraced as a normative policy-based response to that fact. The approach here diverges from existing academic analyses which tend to conclude that core institutions defining Korea's immigration

and nationality regimes and which crucially also reflect a basic and hitherto unyielding commitment to racial and ethnic homogeneity will remain largely unaffected by increasing diversity. Here this title underscores the critical importance of discursive agency as a necessary corrective to still dominant power and interest-based arguments. In addition discursive agents are found to play a central role in communicating, promoting and helping to instill the ideas that create a basis for change on the road to remaking Korean society. *The Road to Multiculturalism in South Korea* will be of interest to students and scholars of Asian studies, immigration and migration studies, race and ethnic studies as well as comparative politics broadly. **Multiculturalism in Turbulent Times** Christine Halse, Kerry J. Kennedy, 2021-05-29. This book interrogates politics and practices of multiculturalism and multicultural education in contexts where liberal and critical multiculturalism is under pressure. It examines and interrogates perspectives on multiculturalism and the political and social to diversity in societies in Asia and Europe. It is set against a background of increasing right wing radicalism and pervasive authoritarianism in different parts of the world. These ideologies not only undermine multiculturalism but the potential of democracy itself. The book includes chapters from leading scholars on multiculturalism, interculturalism and diversity around the world. It examines the challenges to multicultural diversity in the Global North and makes a distinctive contribution by addressing this issue in the Global South societies of Asia including Myanmar, China and Pakistan. As such this book opens up international debate about multiculturalism by providing exchanges rarely heard across borders. *Multicultural Governance in a Mobile World* Anna Triandafyllidou, 2018-06-30. Reveals Virginia Woolf's interest in Christianity, its ideas and cultural artefacts.
