Multiculturalismo Cine Y Medios De Comunicacion Critica Del Pensamie:

Multiculturalismo, cine y medios de comunicación Ella Shohat, Robert Stam, 2002 En este libro el multiculturalismo y la critica del eurocentrismo son dos conceptos inseparables pues relaciona dos temas que a menudo se relegan a ambitos reservados a los especialistas por un lado los debates referentes a las politicas de identidad y raza por otro los debates sobre el discurso pos colonial y el nacionalismo en el Tercer Mundo Stam y Shohat sitúan la cultura popular en el centro mismo de estos debates posmodernos y señalan que los medios de comunicacion desempeñan un papel importantísimo a la hora de modelar las comunidades y determinar la pertenencia a un grupo Este es el primer estudio detallado de un nuevo campo de investigacion que los autores denominan estudios multiculturales de los medios de comunicacion lo cual hace que esta obra sea una lectura fundamental para los estudiosos de los medios El libro establece un modelo teorico para analizar tanto los productos de Hollywood y de los medios de comunicacion de masas los musicales los westerns las peliculas imperiales las noticias de television como productos culturales alternativos peliculas comerciales de cierto alcance critico el Tercer Cine los videos de rap los medios de comunicacion diasporicos e indigenas Los autores tambien mantienen que un replanteamiento de la ensenanza de la comunicacion puede contribuir a establecer y fortalecer paradigmas alternativos de la conciencia historica El libro abarca una gran variedad de disciplinas literatura cine antropologia cultura popular etc y situa los estudios culturales en un marco multicultural al explorar asuntos como los debates contemporaneos sobre Colon las aporias del analisis de estereotipos las contradicciones que se hallan en la hibridacion poscolonial o las actitudes del espectador Segun Stam y Shohat todas estas c

Debating Authenticity Thomas Fillitz, A. Jamie Saris, 2012-12-01 The longing for authenticity on an individual or collective level connects the search for external expressions to internal orientations What is largely referred to as production of authenticity is a reformulation of cultural values and norms within the ongoing process of modernity impacted by globalization and contemporary transnational cultural flows This collection interrogates the notion of authenticity from an anthropological point of view and considers authenticity in terms of how meaning is produced in and through discourses about authenticity Incorporating case studies from four continents the topics reach from art and colonialism to exoticism primitivism film ritual and wilderness Some contributors emphasise the dichotomy between the academic use of the term and the one deployed in public spaces and political projects All however consider authenticity as something that can only be understood ethnographically and not as a simple characteristic or category used to distinguish some behaviors experiences or material things from other less authentic versions

Culture Teresa Fernandez Ulloa, 2014-06-26 This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th 20th and 21st centuries and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America The majority of the chapters are concerned with otherness in its various dimensions the alien Other foreign immigrant ethnically different disempowered female or minor as well as the Other of different sexual orientation and or ideology Following Octavio Paz otherness is expressed as the attempt to find the lost object of desire the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus who in his wrath tore off from him Otherness compels human beings to search for the complement from which they were severed Thus a male joins a female his other half the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection formerly altered by divine will As a result of this transformation one can annul the distance that keeps us away from that which not being our own turns into a source of anguish The clashing diversity of all things requires the human predisposition to accept that which is different Such a predisposition is an expression of epistemological ethical and political aperture The disposition to co exist with the different is imagined in the de anthropocentricization of the bonds with all living realms And otherness is in some way the reflection of sameness mismidad The other is closely related to the self because the vision of the other implies a reflection about the self it implies consciously or not a relationship with the self These topics are addressed in this book from an interdisciplinary perspective encompassing arts humanities and social sciences *Travesías por el cine chileno y latinoamericano* Mónica Villaroel, 2014 En las p ginas de este libro es posible visitar las intensas jornadas vividas durante los tres d as de abril del a o 2013 en que se desarroll el III Encuentro Internacional de Investigaci n sobre Cine Chileno y Latinoamericano Los art culos aqu publicados son un conjunto representativo de las cincuenta y cuatro ponencias que permitieron conocer los distintos enfoques que investigadores de Latinoam rica han llevado a cabo para valorizar nuestro patrimonio audiovisual y reflexionar acerca de nuestros cines Su lectura es un fascinante recorrido por la aventura del cine en Chile y Latinoam rica En la diversidad disciplinaria tem tica y metodol gica que presentan los textos aqu reunidos resaltan grandes l neas de trabajo que cruzan la temporalidad y la espacialidad y permiten establecer los cuatro ejes en que est

estructurado el libro El primer eje aborda directa o tangencialmente el tema de las identidades a partir de los sujetos El segundo apunta a cuestiones estéticas en el cine chileno y latinoamericano de distintos periodos incluyendo cruces con diversas disciplinas y artes como la historia la literatura la fotografía la pintura y el teatro El tercero se hace cargo de la preocupación por el patrimonio cinematográfico desde su materialidad y por último el cuarto eje constituye una mirada hacia el cine realizado durante las dictaduras y después de ellas El III Encuentro Internacional de Investigación sobre Cine Chileno y Latinoamericano fue un espacio para compartir experiencias y gestar esfuerzos comunes en el continente en la perspectiva de la libertad de la creación las posibilidades de producción la circulación de las obras americanas y un pensamiento común sobre el cine Ese mismo espíritu de integración del cine en Latinoamérica es el que anima esta publicación **Revista**

Cinematographic critical texts that offer from different perspectives how the diverse minorities in Mexico have and still are portrayed in films either to represent historic events in accordance with the state vision of the 1940s and 1950s or in recent films defined as the New Mexican Cinema that uses minorities to highlight daily social tensions The author analyses the film *El Jardín del Edén* a film about the cultural hybridization happening in the border of Tijuana and uses it as the main narrative string to tie together his book **Migraciones y mutaciones interculturales en España** Landry-Wilfrid Miampika, 2007

España es históricamente un país de inmigrantes a Europa y a América Pero en la última década ha sido puerta de entrada en Europa Occidental de migraciones masivas de diversas procedencias por motivos económicos políticos culturales religiosos bilingües o ecológicos En este volumen pretendemos recoger el fruto de las aportaciones al seminario Migraciones y mutaciones interculturales en España organizado por un grupo de profesores de la Universidad de Alcalá Madrid en noviembre de 2004 los diversos participantes reflexionaron sobre las mutaciones en la sociedad española actual y la necesidad de diseñar estrategias interculturales para un nuevo marco de diálogo y convivencia en la sociedad civil el mundo educativo y los estudios postcoloniales Todo ello encaja dentro de la propuesta que ofrecemos en este volumen sobre la necesidad de crear un diálogo en el que sea posible revisar y cuestionar las percepciones estereotipadas sobre el otro migrante las formas reales o solapadas de exclusión integración y de racismo y la función mediadora de las producciones artístico literarias de los migrantes y de los estudios postcoloniales en España **Geografía y cultura visual** Carla Lois, Verónica Hollman, 2013
