Multinationals Theory And History:

Multinationals--theory and History European Science Foundation,1986 **Multinationals** Peter Hertner,Geoffrey Jones,1987 **Canadian Multinationals and International Finance** Gregory P. Marchildon,Duncan McDowall,2013-12-02 Seven studies explore the modest but significant role of Canadian multinational enterprises in world finance trade and direct investment Presents a historical overview analyses of individual companies and considerations of whole industries **Transnational Corporations** Geoffrey Jones,1993 **The Oxford Handbook of Business History** Geoffrey Jones,Jonathan Zeitlin,2008-01-24 Introduction Approaches and debates Forms of business organization Functions of enterprise Enterprise and society [A Big History of Globalization](#) Julia Zinkina,David Christian,Leonid Grinin,Ilya Ilyin,Alexey Andreev,Ivan Aleshkovski,Sergey Shulgin,Andrey Korotayev,2019-04-12 This book presents the history of globalization as a network based story in the context of Big History Departing from the traditional historic discourse in which communities cities and states serve as the main units of analysis the authors instead trace the historical emergence growth interconnection and merging of various types of networks that have gradually encompassed the globe They also focus on the development of certain ideas processes institutions and phenomena that spread through those networks to become truly global The book specifies five macro periods in the history of globalization and comprehensively covers the first four from roughly the 9th 7th millennia BC to World War I For each period it identifies the most important network related developments that facilitated or even spurred on such transitions and had the greatest impacts on the history of globalization By analyzing the world system s transition to new levels of complexityand connectivity the book provides valuable insights into the course of Big History and the evolution of human societies *New Perspectives on the Late Victorian Economy* James Foreman-Peck,2003-08-28 The book focuses upon three central themes industrial organisation and technology wages and living standards and the monetary system These are at the heart of discussions of productivity growth the standard of living well being and poverty the criteria by which the Victorian economic system should ultimately be judged [General Theories of the Multinational Enterprise](#) Mark Casson,1984 **Business History** Charles Harvey,2018-12-07 First Published in 1989 This group of studies first appeared in a Special Issue of Business History Vol XXXI No 3 July 1989 These introductory articles cover a breadth of topics including British entrepreneurs the accumulation of riches in Victorian Britain and the importance of locational choice Written by a variety authors this title also opens with an article from the general editor Charles Harvey [The Rise of Multinationals in Continental Europe](#) Geoffrey Jones,Harm G. Schröter,1993 This work offers a European dimension to the literature on multinational enterprise over the last 100 years It includes new material on the evolution of multinational firms in Germany France the Netherlands Switzerland Sweden and other countries *The Selected Essays of John H. Dunning: Theories and paradigms of international business activity* John H. Dunning,2002 This volume contains a selection of John Dunning s best known and highly acclaimed writings on the theory of international

business activity Spanning more than three decades the 16 contributions trace the evolution of his thoughts and ideas as an economist from his first article on the determinants of international production published in 1973 to his most recent essay on relational assets networks and global business activity completed in 2002 Theories and Paradigms of International Business Activity gives particular prominence to the author's much renowned eclectic paradigm which he first promulgated at a Nobel Symposium on the international allocation of economic activity in 1976 Since then the author has written over 60 articles pamphlets and chapters in books which have extended refined and updated his theorizing on the interface between trade FDI and MNE activity in the light of the changing characteristics of the world economy and advances in international business scholarship This the first of two volumes of John Dunning's work is essential reading for all students scholars and researchers with a special interest in the reasons behind the explosive growth in post war FDI and the globalization of business activity

Multinationals from Newly Industrializing Economies Sung Hoon Yu,1990 The Growth of Multinationals Mira Wilkins,1991 This important new anthology prepared by a leading business historian presents the outstanding contributions on the history of US British Continental European and Japanese multinational corporations and constitutes an introduction to the subject The first part has four survey articles showing the origins of the multinational enterprise in the late 19th century and the subsequent developments It then presents pioneer studies and offers a range of new perspectives on the history of multinationals The final parts of the book contain case studies as well as articles on the history of the operations of multinational enterprises in such host countries as Britain China Japan and Poland This authoritative volume provides an indispensable guide to the state of the art research on the history of multinationals **Multinationals and Governments**,1993 *Multinational Corporations* Mark Casson,1990 This book provides an invaluable state of the art survey of the most important work on multinational corporations It includes the first English translation of a key work by Stephen Hymer which transforms our understanding of the evolution of the modern theory of multinational corporations The integration of multinationals into theories of trade and factor movements is an underlying theme There is an extensive review of the comparative performance of American Japanese and European multinationals within an historical perspective Business and Economic History Business History Conference,1999 *British Multinationals* Geoffrey Jones,1986 *Harvard Studies in Business History*,2004 **Multinational Enterprises in the World Economy** Peter J. Buckley,Mark Casson,1992 This collection of essays by researchers in the field of international business celebrates the seminal contribution of John Dunning offering not only case studies but also assessments of major themes in the field of international business These summaries should prove useful reading and a major reference point for students and researchers in the field of international business

Multinationals and Public Policy Stephen Young,2004 The topic is wide ranging but editor Young U of Strathclyde UK has selected 17 articles to reprint in two volumes on the themes of theory and context policy eras and attraction and policy competition Many of the articles are chapters from books others are from such journals as Academy of Management Review

Transnational Corporations and J of World Trade the earliest from 1985 but most published in the late 1990s or 2000 Young provides an introductory essay leading into coverage of topics such as an economist s view of globalization and national government policies restrictions on foreign ownership codes and obligations of multinational enterprises and a framework for FDI promotion Indexing is by author but not by subject Annotation 2004 Book News Inc Portland OR booknews com
