Mummy Stories:

Mummified Angela Stienne,2022-06-07 Mummified explores the curious unsettling and controversial cases of mummies held in French and British museums From powdered mummies eaten as medicine to mummies unrolled in public dissected for race studies and DNA tested in modern laboratories there is a lot more to these ancient remains than first meets the eye This book takes you on a journey from Paris to London Leicester and Manchester from the apothecaries of the Middle Ages to the dissecting tables of the eighteenth century and finally behind the screen of today s computers to revisit the stories of these bodies that have fascinated Europeans for so long Mummified investigates matters of life and death of collecting and viewing and of interactions sometimes violent and sometimes emotional that question the essence of what makes us human

Return from the Dead David Stuart Davies,2004 Beware the Dead are coming back This is a unique and fascinating collection of early mummy stories that helped to establish the chilling concept of the Dead returning to life as a potent sub genre of horror fiction The main feature on the mummy bill The Jewel of the Seven Stars by Bram Stoker is generally regarded as his best work after Dracula A weird mixture of adventure the supernatural and science fiction is found in Jane Webb s The Mummy a tale written in 1827 but set in 2126 Some Words with a Mummy is by the great horror writer Edgar Allen Poe Arthur Conan Doyle s The Ring of Thoth is the classic mummy tale and was the basis for the 1932 movie The Mummy starring Boris Karloff and indeed most mummy films ever since Lot 249 another Doyle chiller completes this collection which is guaranteed to entertain and possibly prompt a nightmare

The Mummy Stays in Egypt! History Stories for Children | Children's Ancient History Baby Professor,2017-05-15 The story of the mummy has traveled far and wide Mummies from other cultures were also discovered but those from Ancient Egypt continue to be the most popular and subject of

comprehensive studies But who are the mummies What links do they have to ancient Egyptian culture and tradition You ll know the answer in the pages of this book *The Essential Guide to Mummy Literature* Brian J. Frost,2007-12-28 Few historical relics have exerted such a hold on our imaginations as the mummy In 1834 Thomas J Pettigrew s *A History of Egyptian Mummies* was the first scholarly work wholly devoted to the subject providing for its time a remarkable analysis of the different mummification techniques used by the ancient embalmers Such volumes of serious nonfiction have been supplemented over the years by additional works both scholarly and otherwise as well as works of fiction that incorporate and expand upon mummy lore Indeed the popular concept of the mummy as a malevolent monster dates back to the nineteenth century when stories about mummies rising from the dead to terrify the living first captured the imagination of the reading public and set the revived corpse on the path to becoming a major horror icon In *The Essential Guide to Mummy Literature* Brian J Frost provides the first in depth survey and bibliography of works of fiction featuring mummies In this comprehensive volume Frost traces the development of the mummy story paying particular attention to works by Victorian authors and pulp fiction writers as well as stories from the American pulp magazines The annotated bibliography provides synopses of all the key works of fiction in the mummy canon as well as others not so well known Full publication details for each entry with plot summaries of more than 500 works of fiction and abridged descriptions of 250 nonfiction books are provided Additionally a filmography is included along with listings of young adult novels children s storybooks and reference works for both adults and children Well organized and comprehensive *The Essential Guide to Mummy Literature* will appeal to devotees of the horror genre and students of popular literature as well as researchers and librarians **The Mummy's Curse** Jasmine Day,2006-09-27 The most penetrating study of the curse ever conducted *The Mummy s Curse* uncovers forgotten nineteenth century fiction and poetry revolutionizes the study of mummy horror films and reveals the prejudices embedded in children s toys Examining original surveys and field observations of museum visitors demonstrate that media stereotypes to which museums inadvertently contribute promote vilification of mummies which can invalidate demands for their removal from display Jasmine Day shows that the curse s structure and meaning has changed over time as public attitudes toward archaeology and the Middle East were transformed by events such as the discovery of Tutankhamun s tomb The riddle of the curse of the pharaohs is finally solved via a radical anthropological treatment of the legend as a cultural concept rather than a physical phenomenon A must for anyone interested in this ancient and mystifying legend
