Supreme Court,Eugene G. Kreider,Arthur Remington,William Henry Anders,1895 Faulkner's Marginal Couple John N. Duvall,2014-07-03 Is William Faulkner s fiction built on a fundamental dichotomy of outcast individual versus the healthy agrarian community The New Critics of the 1930s advanced this view and it has shaped much Faulkner criticism However in Faulkner s Marginal Couple John Duvall posits the existence of another possibility alternative communities formed by deviant couples These couples who violate normal gender roles and behaviors challenge the either or view of Faulkner s world The study treats in detail the novels *Light* in August *The Wild Palms* *Sanctuary* *Pylon* and *Absalom Absalom* as well as several of Faulkner s short stories In discussing each work Duvall challenges the traditional view that Faulkner created active men who follow a code of honor and passive women who are close to nature Instead he charts the many instances of men who are nurturing and passive and women who are strong and sexually active These alternative couples undermine a common view of Faulkner as an upholder of Southern patriarchal values thus countering the argument that Faulkner s fiction is essentially misogynist This new approach drawing on semiotics feminism and Marxism makes Faulkner more accessible to readers interested in ideological analysis It also stresses the intertextual connections between Faulkner s Yoknapatawpha and non Yoknapatawpha fiction Perhaps most importantly it uncovers what the New Criticism concealed namely that Faulkner s fiction traces the full androgynous spectrum of the human condition *Language as Liberation* Toni Morrison,2026-02-03 Nobel laureate and Pulitzer Prize winning author of *Beloved* Toni Morrison investigates Black characters in the American literary canon and the way they shaped the nation s collective unconscious In a dazzling series of lectures from her tenure as a professor at Princeton University Toni Morrison interrogates America s most famous works and authors drawing a direct line from the Black bodies that built the nation to the Black characters that many of the country s canonical white writers imagined in their work

Morrison sees these fictions as a form of creation and projection arguing that they helped manufacture American racial identity these Africanist presences are the shadow that makes light possible as Morrison writes and the reflections of their authors own deepest fears insecurities and longings With profound erudition and wit Morrison breaks wide open the American conception of race with energetic enlivening readings of the nation s canon revealing that our liberation from these diminishing notions comes through language How Morrison wonders could one speak of profit of economy of labor or progress of suffragism or Christianity of the frontier of the formation of new states the acquisition of new lands of practically anything a new nation concerns itself with without having as a referent at the heart of the discourse or defining its edges the presence of Africans and or their descendants To read these lectures collected here for the first time is to encounter Morrison not just the writer but also the teacher in the most penetrating and subversive way yet With a foreword by her son Ford Morrison and an introduction by her Princeton comparative literature colleague Claudia Brodsky Language as Liberation is a revelatory collection that promises to redefine the American canon     *The Daily Washington Law Reporter* ,1877 Vols for 1902 include decisions of the District of Columbia Court of Appeals and various other courts of the District of Columbia     **Light, Heat and Power** ,1889     **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
