## **Murder Imperial:**

Murder Imperial (Ancient Rome Mysteries, Book 1) Paul Doherty, 2012-10-30 With the Emperor himself in danger can spy Claudia uncover the truth The gripping first novel of political intrigue in Paul Doherty's series set in Ancient Rome featuring the imperial spy Claudia Perfect for fans of Lindsey Davis and Steven Saylor 313AD Under the rule of Emperor Constantine Rome finally appears to be emerging from its turbulent past In order to consolidate his control and under the guidance of his mother Helena Constantine plans to harness the power of the increasingly influential Christian Church But his loyalties are brought into question when three courtesans from the Guild of Aphrodite a guild Constantine himself frequents are found dead All three bodies have crosses etched on their forehead and each cheek Aiming at protecting her son's future Helena calls upon the service of an agent in rebus politicus or spy Claudia is the niece of a tavern owner and is placed as a wine server in Constantine's household But Claudia has secret motives of her own What readers are saying about Paul Doherty Paul Doherty's books are a joy to read The sounds and smells of the period seem to waft from the pages of Paul Doherty's books A great read I recommend to anyone who loves a good mystery *Report of the Attorney General of the State of California* California. Department of Justice, 1914 **Justice in a New World** Brian P Owensby, Richard J Ross, 2019-01-15 A historical and legal examination of the conflict and interplay between settler and indigenous laws in the New World As British and Iberian empires expanded across the New World differing notions of justice and legality played out against one another as settlers and indigenous people sought to negotiate their relationship In order for settlers and natives to learn from maneuver resist or accommodate each other they had to grasp something of each other's legal ideas and conceptions of justice This ambitious volume advances our understanding of how natives and settlers in both the British and Iberian New World empires struggled to use the other's ideas of law and justice as a political strategic and moral resource In so doing indigenous people and settlers alike changed their own practices of law and dialogue about justice Europeans and natives appealed to imperfect understandings of their interlocutors notions of justice and advanced their own conceptions during workaday negotiations disputes and assertions of right Settlers and indigenous peoples legal presuppositions shaped and sometimes misdirected their attempts to employ each other's law Natives and settlers construed and misconstrued each other's legal commitments while learning about them never quite sure whether they were on solid ground Chapters explore the problem of legal intelligibility How and to what extent did settler law and its associated notions of justice become intelligible tactically technically and morally to natives and vice versa To address this question the volume offers a critical comparison between English and Iberian New World empires Chapters probe such topics as treaty negotiations land sales and the corporate

privileges of indigenous peoples Ultimately Justice in a New World offers both a deeper understanding of the transformation of notions of justice and law among settlers and indigenous people and a dual comparative study of what it means for laws and moral codes to be legally intelligible      **100 Most Popular Contemporary Mystery Authors** Bernard A.
