Romantic Writings Stephen Bygrave, 2017-09-29 Romantic Writings is an ideal introduction to the cultural phenomenon of Romanticism one of the most important European literary movements and the cradle of Modern culture Here you will find an accessible introduction to the well known male Romantic writers Blake Wordsworth Coleridge Byron Shelley and Keats Alongside are chapters dealing with poems by Charlotte Smith Mary Robinson Ann Barbauld Elizabeth Barrett Browning which challenge the idea that these men are the only Romantic writers As a further counterpoint the book also includes discussion of two German Romantic short stories by Kleist and Hoffman Throughout close reading of texts is matched by an insistence on reading them in their historical context Romantic Writings offers invaluable discussions of issues such as the notion of the Romantic artist colonialism and the exotic and the particular situation of women writers and readers

Lyric and Labour in the Romantic Tradition Anne F. Janowitz, 1998-08-06 Lyric and Labour in the Romantic Tradition first published in 1998 examines the legacy of Romantic poetics in the poetry produced in political movements during the nineteenth century It argues that a communitarian tradition of poetry extending from the

1790s to the 1890s learned from and incorporated elements of Romantic lyricism and produced an ongoing and self-conscious tradition of radical poetics Showing how romantic lyricism arose as an engagement between the forces of reason and custom Anne Janowitz examines the ways in which this Romantic dialectic infected the writings of political poets from Thomas Spence to William Morris The book includes new readings of familiar Romantic poets including Wordsworth and Shelley and investigates the range of poetic genres in the 1790s In the case studies which follow it examines relatively unknown Chartist and Republican poets such as Ernest Jones and W J Linton showing their affiliation to the Romantic tradition and making the case for the persistence of Romantic problematics in radical political culture

**Romantic Period Writings, 1798-1832** Ian Haywood, 1998 Romantic Period Writings 1798 1832 provides a valuable insight into the condition of Britain in the early part of the nineteenth century It includes original documents from a range of disciplines and discourses Each section includes a scholarly introduction select bibliography and annotations Among the material assembled in the anthology are writings by previously neglected or under represented women working class men black radicals and conservative and evangelical polemicists as well as several unfamiliar texts by canonical writers The writings are organised into sections on Radical Journalism Political Economy Atheism Nation and State Race and Empire Gender Literary Institutions

**"Romanticism" - and Byron** Peter Cochran,2009 Romanticism and Byron is a book in two parts In the first part Dr Cochran examines Romanticism and shows that it is a word meaning anything and therefore nothing It is an academic construct created by academics and has no basis in the writings of the early nineteenth century Its continued use argues Dr Cochran is a modern marketing phenomenon solely In the second part Dr Cochran examines the life and work of Byron in the

non romantic context of his contemporaries He shows how Byron s antithetical nature created problems when he was forced into compromising situations with friends who were close to parts of his mind yet irreconcilable with one another This mobility argues Cochran was often an embarrassment for Byron s social life but of great benefit to his creativity This part of the book features chapters on Shelley Scott Blake Keats Coleridge and Wordsworth and is notable for the amount of original archive documentation with which Cochran illustrates his theme
