I have also trained many new graduate nurses to becoming competent registered nurses. I am also the host of the YouTube channel Empowern and the author of the book How to Succeed in Nursing School. I wrote this book out of a huge concern with how terribly hard the transition from graduate nurse to competent nurse is. I thought after I graduated nursing school I would be equipped to practice nursing successfully, nothing could have been farther from the truth. In addition to nursing job itself being hard, there were so many other challenges that I was not prepared to face. Including major time management issues, stressful co-worker relations, stressful patient family relations and much more.
