New Perspectives On Prisons And Imprisonment:

New Perspectives on Prisons and Imprisonment James B. Jacobs, 1983 *New Perspectives on Prisons and Imprisonment* James B. Jacobs, 1983 ***New Perspectives on Prison Masculinities*** Matthew Maycock, Kate Hunt, 2018-02-21 This edited collection utilises recent advances in theories on masculinities to explore and analyse the ways in which prisons shape performances of gender both within prison settings and following release from prison The authors assess here how the highly gendered world of the prison where the population is overwhelmingly male in most countries impacts upon the performance of masculinities Including original pieces from England Australia Scotland and the USA as well as contributions which take a broader methodological and conceptual approach to masculinity this engaging and original collection holds international appeal and relevance Cumulatively the chapters illustrate the importance of considering a nuanced understanding of masculinity within prison research and as such will be of particular interest for scholars of penology gender studies and the criminal justice system *First Available Cell* Chad R. Trulson, James W. Marquart, 2010-01-01 Decades after the U S Supreme Court and certain governmental actions struck down racial segregation in the larger society American prison administrators still boldly adhered to discriminatory practices Not until 1975 did legislation prohibit racial segregation and discrimination in Texas prisons However vestiges of this practice endured behind prison walls Charting the transformation from segregation to desegregation in Texas prisons which resulted in Texas prisons becoming one of the most desegregated places in America *First Available Cell* chronicles the pivotal steps in the process including prison director George J Beto s 1965 decision to allow inmates of different races to co exist in the same prison setting defying Southern norms The authors also clarify the significant impetus for change that emerged in 1972 when a Texas inmate filed a lawsuit alleging racial segregation and discrimination in the Texas Department of Corrections Perhaps surprisingly a multiracial group of prisoners sided with the TDC fearing that desegregated housing would unleash racial violence Members of the security staff also feared and predicted severe racial violence Nearly two decades after the 1972 lawsuit one vestige of segregation remained in place the double cell Revealing the aftermath of racial desegregation within that 9 x 5 foot space *First Available Cell* tells the story of one of the greatest social experiments with racial desegregation in American history *Gender, Prison and Reentry Experiences* Silvia Gomes, Dixie Rocker, 2024-04-30 This book explores the unique reentry experiences of incarcerated men and women who are about to be released from prisons in Portugal By analysing gendered reentry experiences through the narratives of men and women *Gender Prison and Reentry Experiences* sheds light on current practices and strategies adopted in prisons regarding reentry and examines the structural institutional and personal barriers that influence the reentry outcome *Gender Prison and Reentry Experiences* examines the narratives built around an individual s prison experiences their perception of the prison s impact on reentry and their expectations after release It reveals how men and women narrate and attribute meaning to their time in prison and how they navigate their

prisoner and gendered identities In doing so this book demonstrates the importance of these identities in relation to recidivism and desistance while also questioning the role incarceration has in further criminalising and obstructing an individual's reentry process It puts forward recommendations that aim to improve the lives of all incarcerated individuals within the current system in addition to advocating for decarceration and prison abolition It presents a novel contribution to the internationalisation of knowledge across multiple disciplinary subfields namely critical reentry studies and feminist criminology filling a gap in the current knowledge as few studies focus on prison experiences as a core aspect of understanding the reentry process An accessible and compelling read this book will appeal to students and scholars of criminology sociology law desistance studies and those interested in gaining a unique insight into the experience of incarcerated individuals

Parental Imprisonment and Children's Rights Fiona Donson, Aisling Parkes, 2021-03-30 This book brings together internationally renowned academics and professionals from a variety of disciplines who in a variety of ways seek to understand the legal conceptual and practical consequences of parental imprisonment through a children's rights lens Children whose parents have been incarcerated are often referred to as invisible victims of crime and the penal system It is well accepted that the imprisonment of a parent even for a short period of time not only negatively affects the lives of children but it can also result in a gross violation of their fundamental human rights such as the right of access to their parent and the right to have an input into decision making processes affecting them the outcomes of which will without doubt affect the life of the child concerned This collection foregrounds the voice of these children as it explores transdisciplinary boundaries and examines the practice and development of the rights of both children and their families within the wider dynamic of criminal justice and penology practice The text is divided into three parts which are dedicated to 1 hearing the voices of children with parents in prison 2 understanding to what extent children's rights informs prison policy and 3 demonstrating how law in the form of children's rights can help frame both court sentencing and prison practice in a way that minimises the harm that contact with the prison system can cause The research drawn upon in this book has been conducted in a number of European countries and demonstrates both good and bad practice as far as the implementation of children's rights is concerned in the context of parental incarceration An accessible and compelling read this book will
