New Poems 1960:

The New American Poetry, 1945-1960 Donald Allen, 1999 Donald Allen's prophetic anthology had an electrifying effect on two generations at least of American poets and readers. More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress, the primary example for its time of the anthology as manifesto. Its republication today complete with poems, statements on poetics, and autobiographical projections provides us again with a model of how a contemporary anthology can and should be shaped. In these essentials it remains as fresh and useful a guide as it was in 1960. Jerome Rothenberg, editor of *Poems for the Millennium*. The New American Poetry is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment.
