The NEW TESTAMENT BACKGROUND , 1966

The IVP Bible Background Commentary: New Testament Craig S. Keener, 2014-01-03 Craig S Keener presents fascinating wonderfully useful information on the historical and cultural backgrounds of nearly every verse in the New Testament

Backgrounds of Early Christianity Everett Ferguson, 2003 New to this expanded updated edition are revisions of Ferguson s original material updated bibliographies a fresh dicussion of first century social life the Dead Sea Scrolls much else

New Testament Background Charles K. Barrett, 1995-10-13 C K Barret s classic work presents 280 ancient writings that bring the spiritual world of first century vividly to life

The Making of the New Testament Arthur G. Patzia, 1995-05-25 In affirming the divine inspiration of Scripture we too often forget the human side of the story The narratives letters and Apocalypse of our New Testament were shaped by worn pens gripped by calloused ink stained fingers Their authors ears were more likely assaulted by the urban clatter of busy intersections and bustling markets than attuned to a still small voice Scrolls that bumped across cobbled Roman roads and pitched through rolling Mediterranean seas found their destination in stuffy dimly lit crowded Christian house churches in Corinth or Cenchreae There they were read aloud and reread handled and copied forwarded and collected studied and treasured Their ordinary story is true to their extraordinary message the mystery of the Word that became flesh

The Making of the New Testament is a textbook study of the origin collection copying and canonizing of the New Testament documents Like shrewd detectives reading the subtle traces of evidence biblical scholars have studied the trail of clues and pieced together the story of these books

The Layman's Guide to the New Testament , 1981-01-01 The Layman s Guide to the New Testament is an honest objective approach to all the books of the New Testament Written in a style that is at once

scholarly and readable this book is a valuable resource for study and reference **The New Testament** W. R. Telford, 2014-01-09 The New Testament writings are the foundational documents of early Christianity But to fully understand them we need a broad historical awareness of the wider social economic political and religious context that produced them Exploring the transition from an oral to a written tradition this fascinating primer depicts the growth of the early church amid the Roman and Hellenistic Empires Focusing on the composition and content of the Synoptic Gospels those of Matthew Mark and Luke W R Telford furnishes the reader with an appreciation of the methods contemporary scholars apply to the Gospels and also offers an assured in depth guide to the texts themselves Broaching difficult questions about the differing accounts of Jesus life that the New Testament has left us this is an invaluable starting point for anyone looking to understand the roots of Christianity *The New Testament Backgrounds* C.K. Barrett, 1958 **Jesus Through Many Eyes** Stephen Neill, 2023-01-01 Is it possible to find in the New Testament a single coherent theology In *Jesus Through Many Eyes* Stephen Neill makes the case convincingly for a unified faith underlying the many traditions and interpretations of Jesus within scripture which can be summed up in the words Resurrection Spirit Reconciliation First published in 1976 his exposition remains relevant to general readers and specialist scholars alike Neill provides detailed explanations of more obscure concepts and references along with comprehensive notes and bibliographies to each chapter making this an ideal introductory textbook Meanwhile those familiar with his arguments will benefit from new insights and interpretations

The Living Church , 1981 *When Texts Are Canonized* Timothy H. Lim, 2017-05-05 How did canonization take place and what difference does it make Essays in this collection probe the canonical process Why were certain books but not others included in the canon What criteria were used to select the books of the canon Was canonization a divine fiat or human act What was the nature of the authority of the laws and narratives of the Torah How did prophecy come to be included in the canon Others reflect on the consequences of canonization What are the effects in elevating certain writings to the status of Holy Scriptures What happens when a text is included in an official list What theological and hermeneutical questions are at stake in the fact of the canon Should the canon be unsealed or reopened to include other writings Features Essays that contribute to our understanding of the complex processes of canonization Exploration of early concepts of canonicity Discussion of reopening the New Testament canon **Hellenistic Commentary to the New Testament** M. Eugene Boring, Klaus Berger, Carsten Colpe, 1995 The Hellenistic Commentary to the New Testament the product of collaboration between German and American New Testament scholarship is the most complete collection of Hellenistic texts correlated to the New Testament available in English Translations of 976 texts compared with 626 in the German edition are cited that directly illustrate the religious world into which early Christianity was born Many of the texts are extensive enough to give a thorough sampling of how for instance miracle stories and birth stories of quasi divine beings were told in the Hellenistic world and how revelatory or conversion experiences were expressed in Greco Roman religions The texts are arranged

according to the canonical order of New Testament books Thorough cross references and indexes make it easy to locate texts relevant to the interpretation of any New Testament text or theme Each text is provided with annotations suggesting ways in which it might illuminate the New Testament text Furthermore the new introduction to the English edition specifies ways in which the treasures of these texts might be unlocked as well as pointing to dangers in their superficial use The original German introduction provides helpful categories for the application of these texts to New Testament interpretation

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Introduction to the New Testament: History, culture, and religion of the Hellenistic age Helmut Koester, 1995 While the first American edition of this book published more than a decade ago was a revised translation of the German book *Einführung in das Neue Testament* this second edition of the first volume of the *Introduction to the New Testament* is no longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped
