

The
Moral Vision
of the
New Testament

*A Contemporary Introduction
to New Testament Ethics*

RICHARD B. HAYS

New Testament Ethics An Introduction

Charles Archibald Anderson Scott

New Testament Ethics An Introduction:

The Moral Vision of the New Testament Richard Hays, 1996-08-30 A leading expert in New Testament ethics discovers in the biblical witness a unified ethical vision centered in the themes of community cross and new creation that has profound relevance in today's world. Richard Hays shows how the New Testament provides moral guidance on the most troubling ethical issues of our time including violence, divorce, homosexuality, and abortion. Hays' passionately written book with its bold agenda has neither peer nor rival. Leander E. Keck, Winkley Professor of Biblical Theology, Yale Divinity School. "There are few people I would rather read for the actual exposition of the New Testament than Richard Hays. This book is filled with wonderful readings that not only inform us about how to think better about the so-called problem of the relation between the New Testament and ethics but even more speak of how our lives should be lived in the light of Christ's cross." Stanley Hauerwas, Gilbert T. Rowe Professor of Theological Studies, Duke University Divinity School. Richard Hays has succeeded brilliantly in bringing New Testament studies, contemporary theology, and ethics into a deeply reflective conversation. Hays' point is that the New Testament norms the Christian life and with the help of imagination and metaphor can address the moral conflicts of our time. Ellen T. Charry, Perkins School of Theology, Southern Methodist University. "This book isn't just a breath of fresh air. It's a hurricane blowing away the fog of half-understood pseudo-morality and fashionable compromise and revealing instead the early Christian vision of true humanness and genuine holiness. If this isn't a book for our time, I don't know what is." N. T. Wright, author of *The New Testament and the People of God*.

The Moral Vision of the New Testament Richard B. Hays, 2013-07-30 A leading expert in New Testament ethics discovers in the biblical witness a unified ethical vision centered in the themes of community, cross, and new creation that has profound relevance in today's world. Richard Hays shows how the New Testament provides moral guidance on the most troubling ethical issues of our time including violence, divorce, homosexuality, and abortion. New Testament Ethics Dale Goldsmith, 1988 New Testament Ethics C. A. Anderson Scott, 2014-12-04 This book contains the text of the Hulsean Lectures for 1929 on the teachings of Jesus and the apostles. Scott was the first non-clergyman to hold this lectureship and in these lectures he charts the development and gradual evolution of the teachings of Jesus through their interpretation by later teachers. New Testament Ethics Dale Goldsmith, 1988-01-01 **New Testament Ethics** Charles Archibald Anderson Scott, 1930 **An Introduction to Christian Ethics** Alberto de Mingo Kaminouchi, 2020-10-15 What does it mean to live and build up the Kingdom of God? In this book, professor and priest Alberto de Mingo Kaminouchi introduces the contemporary reader to Christian ethics by examining the New Testament through the three key concepts of Aristotle's ethics: happiness, virtue, and love. In turn, the three affirmations orient this reflection through the Gospel. First, when the triune God appears on the horizon, it becomes easier to understand that existence has a purpose: namely, participating with the entire human family in this project of happiness called the Kingdom of God. Second, happiness is not something outside of us; it consists in the practice of the virtues that bring about

a personal transformation Third the project of the Kingdom leads us to live in love with others De Mingo Kaminouchi shows the reader a real model of this in the community we call the church the field hospital for all those in need of hope This book is accessibly written for readers not already well versed in Christian ethics *New Testament Ethics* Charles Archibald Anderson Scott,1948 **New Testament Ethics** Charles A. Scott,1930 *An Introduction to Biblical Ethics* David Wayne Jones,2013 An introductory text explaining the nature relevancy coherency and structure of the moral law as revealed throughout the Bible with discussion of the Ten Commandments as a moral rubric and a subsequent application of each commandment to Christian living *The New Testament and Bioethics* R. Dennis Macaleer,2014-01-01 Beauchamp and Childress s *Principles of Biomedical Ethics* is a well accepted approach to contemporary bioethics Those principles are based on what Beauchamp and Childress call the common morality This book employs New Testament theological themes to enhance the meaning of those principles of bioethics The primary New Testament text for this study is the twin commands from Jesus to love God and love one s neighbor The three theological themes developed from this study the image of God the covenant and the pursuit of healing are deeply embedded in the New Testament and in the ministry of Jesus Three contemporary bioethics principles are used for this dissertation based on The Belmont Report They are the principles of respect for persons justice and beneficence In each case the theological themes are shown to enhance the meaning of these bioethics principles Each of the three principles as understood through the three theological themes is applied to a current bioethics issue to demonstrate the efficacy of this approach The three current issues addressed are the withdrawal or withholding of life sustaining treatment the distribution of health care in the Untied States and the use of palliative care

An Introduction to Christian Ethics Roger H Crooks,2015-10-02 This book is a college level introductory textbook in Christian ethics It introduces the field of ethics and a variety of approaches to its study The book is written for college students and is designed to help them develop a method of dealing with the thorny moral issues **The New Testament as Canon** Robert W. Wall,Eugene Lemcio,1992-09-01 This wide ranging collection of essays provides the reader with a critical introduction to the New Testament as the church s canon The authors conviction is that the Bible belongs first of all to the community of believers rather than to the guild of biblical scholars But that does not make the tools and tasks of modern biblical criticism unimportant Rather they are the constructive means by which the scholar discerns the nature of the ongoing conversation between the church and its biblical canon and helps form the church into a community of worship and witness Whether from a particular composition s point of origin or from the various properties added to it during the canonizing process or from its location within the final canonical product the scholars recover multiple clues from the ancient church s dialogue with its scriptures that help delimit the boundaries and establish the aims of the same dialogue between today s faith community and its biblical canon *Christian Ethics* Bernard Hoose,1998 This general introduction to Christian ethics looks at all the major themes in fundamental and applied moral theology and investigates a range of issues

including the role of the Bible social and interpersonal ethics and euthanasia An Introduction to Biblical Ethics Robertson McQuilkin, Paul Copan, 2014-06-05 What should we do or not do This comprehensive text on biblical ethics is completely revised focusing on how we fulfill the purposes of God for our lives New content includes discussions of living virtuously ethical alternatives bioethical issues technology helping the poor animal rights sexual ethics and the media *New Testament Ethics* Charles Archibald Anderson Scott, 1930 Ethics in the Gospel of John Sookgoo Shin, 2018-10-02 In *Ethics in the Gospel of John* Sookgoo Shin seeks to challenge the dominant scholarly view of John's ethics as an ineffective and unhelpful companion for moral formation In order to demonstrate the relevance of John's ethics Shin argues that the development of discipleship in John's Gospel should be understood as moral progress which was a well known moral concept in the ancient Mediterranean world Having drawn an ethical model from the writings of Plutarch this study aims to identify the undergirding ethical dynamic that shapes John's moral structure by bringing out the implicit ethical elements that are embedded throughout John's narratives and thus suggests a way to read the whole Gospel ethically and appreciatively of its literary characteristics **Key Approaches to Biblical Ethics**, 2021-01-25 The purpose of *Key Approaches to Biblical Ethics* is to address fundamental as well as practical questions of methodology in examining the ethical material of the Bible Sixteen scholars of international reputation most of them leaders in the field of biblical ethics discuss questions of biblical interpretation from the perspectives of the Hebrew Bible and New Testament ethics in close dialogue with one another In the present volume both established and new approaches to biblical ethics are presented and discussed The result is a volume of unprecedented scholarly interaction that provides key insights into issues of biblical ethics that play a significant role both for biblical interpretation as well as for methodological questions in Jewish and Christian ethics today **New Testament Ethics**: C. A. Anderson Scott, 1942 An Introduction to Theology Alfred Cave, 1886
