**The New Testament and Mythology and Other Basic Writings** Rudolf Bultmann, 1984 New Testament Mythology and Other Basic Writings Rudolf Bultmann, Aside from the fact that it is perhaps the single most discussed and controversial theological writing of the century no one knowledgeable of Bultmann's work could doubt its basic importance for his entire contribution. Although the position is for which it argues was hardly new having already taken shape in several of his theological essays written during the 1920s it is nevertheless the classic formulation of this position and as such incomparable in the Bultmann corpus Anthony C Thiselton and the Grammar of Hermeneutics Robert Knowles, 2014-07-08 A provisional and preliminary attempt to show how the formative hermeneutical thinking of Anthony C Thiselton once systematized and critiqued can begin to resolve the major problems found in the discipline of hermeneutics today most notably its varying disunities theoretical practical and inter disciplinary. This book aims to show that the formative thinking of Anthony C Thiselton provides valuable insights for a programmatic construction towards a unified hermeneutical theory. This construction provides powerful keys for unlocking six contemporary problems in hermeneutics disorganization complexity abstraction theoretical disunity on several levels inter disciplinary polarization and irresponsible interpretation. Robert Knowles' exhaustive analysis engages critically and creatively **New Testament Mythology and Other Basic Writings** Rudolf Bultmann, 1984. Once we have done responsible exegesis how may we expect the Spirit to apply the text to our lives and communities? In *Spirit Hermeneutics* biblical scholar Craig Keener addresses these questions carefully articulating how the experience of the Spirit that empowered the church on the day of Pentecost can and should dynamically shape our reading of Scripture today. Keener considers what Spirit-guided interpretation means explores implications of an epistemology of Word and Spirit for biblical hermeneutics and shows how Scripture itself models an experiential appropriation of its message. Bridging the Word-Spirit gap between academic and experiential Christian approaches *Spirit Hermeneutics* narrates a way of reading the Bible that is faithful both to the Spirit-inspired biblical text and the experience of the Spirit among believers from book flap **Rudolf Bultmann** David W. Congdon, 2015-11-02 Rudolf Bultmann is one of the most widely known but least read theologians of the twentieth century. He is famous as the one who demythologized the New Testament but very few understand what he meant by this or how his hermeneutical program connects to the other areas of his theological project. Bultmann presents a unique challenge to readers not only because of his radical theological inquiry but also because of the way his ideas are worked out.

over time primarily through short occasional writings that present complex issues in a disarmingly straightforward manner In this introduction to his theology the first of its kind in more than twenty years David W Congdon guides readers through ten central themes in Bultmann s theology ranging from eschatology and dialectic to freedom and advent By gaining an understanding of these themes students of Bultmann will have the necessary tools to understand and profit from his writings The result is not only an accessible guide for those encountering Bultmann for the first time but also a cohesive systematic presentation of his thought for those wondering how his work might speak to our current context

**Myth, History, and the Resurrection in German Protestant Theology** Brent A. R. Hege, 2017-10-13 The Christian faith stands or falls with the confession that Jesus Christ is risen While that assertion itself is perhaps uncontroversial precisely what this confession means has been a subject of profound significance and immense controversy for centuries Central to this discussion is the role of myth and history in the biblical witness and in the church s theological engagement with the confession that Jesus Christ is risen This book traces key trajectories of German Protestant discussions of myth history and the resurrection from its earliest critical analysis in the work of Hermann Samuel Reimarus and David Friedrich Strauss to contemporary appraisals by Eberhard Jungel and Ingolf Ulrich Dalferth At the center of this discussion stands Rudolf Bultmann whose work on the resurrection sparked fierce debates that left a lasting impact on Protestant theology in Germany and beyond The questions raised by these theologians continue to resonate in contemporary discussions of the nature and status of biblical texts the integrity and truth of the Christian confession and the meaning and significance of the resurrection of Jesus Christ for Christian faith and life at the beginning of the twenty first century

**The Gospel of John : 2 Volumes** Craig S. Keener, 2010-03-01 Keener s commentary explores the Jewish and Greco Roman settings of John more deeply than previous works paying special attention to social historical and rhetorical features of the Gospel It cites about 4 000 different secondary sources and uses over 20 000 references from ancient literature

**Trinitarian Hermeneutics** Benjamin C. Leslie, 1991. This scholarly treatment of a pertinent theme in contemporary Barth studies carries research into the hermeneutical dimensions of Barth's Trinity doctrine well beyond what has been available until now. Thoroughly researched, this book enters into the contemporary dialogue on the subject initiated by the German scholar Eberhard Jüngel. Focusing primarily on the functional aspects of the dogma within Barth's Church Dogmatics, Leslie illustrates not only the hermeneutical rules which Barth employs in his theological system, particularly in the theological use of tradition and philosophy, but also the theological understanding of language which underlies these rules. The book offers astonishing new insights into the relevance of Barth's thought for the continuing hermeneutical discussion within Christian theology.

**Hermeneutical Inquiry: The interpretation of existence** David E. Klemm, 1986. This two volume work is a comprehensive reader in modern philosophical and theological hermeneutics. David E. Klemm has selected essays representing acknowledged classics in hermeneutics and the best modern hermeneutical thinkers. Volume One collects essays on the hermeneutics of texts. Volume Two collects works on the hermeneutics of existence. Each essay is preceded by an informative contextualizing introduction. Volume Two includes essays by F. Schleiermacher, W. Dilthey, E. Husserl, M. Heidegger, R. Bultmann, P. Tillich, P. Ricoeur, J. Habermas, H. G. Gadamer, and R. Scharlemann.

Includes introductory essays for each period and bibliographies of each interpreter.

**Journal of Biblical Literature**, 1986. **Harvard Theological Studies**, 1985. The Dialectical Development of Doctrine Charles Cameron Dickinson, 1999. History of Hermeneutics Maurizio Ferraris, 1996. In the following three chapters, Ferraris examines the universalization of the domain of interpretation with Heidegger, the development of Heideggerian philosophical hermeneutics with Gadamer and Derrida, and the relation between hermeneutics and epistemology on the one hand and the human sciences on the other.

Jesus Christ in History and Scripture Edgar V. McKnight, 1999. Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies: 1. a critically chastened world view that is satisfied with provisional results, and 2. a creative or poetic use of the sources of study of Jesus. The first part of the book shows that precritical, critical, and postcritical epochs and attitudes all alive today support different sorts of knowledge concerning Jesus: historical reconstructions, historic memory, and appropriations; imaginative, poetic, and artistic creations; and theological formulations. And that the Gospels themselves support different sorts

of knowledge and approaches The Gospels were composed by Christians who combined historical information and historic memory in imaginative ways to present a Jesus who was relevant to their congregations as he was to the earliest disciples The creative contribution that readers of the Gospels make in their reconstructions of Jesus is a recapitulation of the creative activities of the earliest evangelists The central section of the book provides a philosophical rationale for correlating the historical critical methods of biblical scholars and the rationalist methods of theologians and for correlating these modern Enlightenment modes of knowledge with feeling lived experience and praxis It also traces the attempts to do justice to the historical Jesus with particular attention to the different philosophical and theological presuppositions supporting the different attempts A final section discusses the values of non foundationist hermeneutical approaches for the broader questions of the use and authority of the Bible In the end ecumenical rather than divisive approaches are advocated Different ways of doing church and different ways of discovering and creating truth demand an ecumenical approach *Noncanonical Writings and New Testament Interpretation* Craig A. Evans, 1992 Unfortunately achieving even an elementary facility with this literature has in the past depended on either years of experience or a photographic memory Now Craig A Evans pulls together the essentials of date language text and translations and general bibliography He also evaluates the material s relevance for interpreting the NT
