J. Mathews, 2000 Providing a snapshot of the current state of Irish studies this collection testifies that a broad range of Irish cultural activity is now being analyzed by a diversity of scholars Topics covered include Politics and Revival Theorizing the Novel New Directions in Irish Studies Women and Fiction Imagining Northern Ireland Literary Journalism and Poetry and Nation Many of these essays will usefully contribute to ongoing debates beyond the immediate concern of Irish studies in fields such as Marxist theory historiography feminism postcolonial studies genre theory cultural studies and history of science *New Voices in Irish Criticism 5* Ruth Connolly, Ann Coughlan, 2005 The New Voices series has established itself as the principal forum for presenting the best work by emerging scholars of Irish literature and culture in Ireland today *Ireland and Ecocriticism* Eóin Flannery, 2015-10-05

This book is the first truly interdisciplinary intervention into the burgeoning field of Irish ecological criticism Providing original and nuanced readings of Irish cultural texts and personalities in terms of contemporary ecological criticism Flannery's readings of Irish literary fiction poetry travel writing non fiction and essay writing are ground breaking in their depth and scope Explorations of figures and texts from Irish cultural and political history including John McGahern Derek Mahon Roger Casement and Tim Robinson among many others enable and invigorate the discipline of Irish cultural studies and international ecocriticism on the whole This book addresses the need to impress the urgency of lateral ecological awareness

and responsibility among Irish cultural and political commentators to highlight continuities and disparities between Irish ecological thought writing and praxis and those of differential international writers critics and activists and to establish both the singularity and contiguity of Irish ecological criticism to the wider international field of ecological criticism With the introduction of concepts such as ecocosmopolitanism deep history ethics of proximity Gaia Theory urban ecology and postcolonial environmentalism to Irish cultural studies it takes Irish cultural studies in bracing new directions Flannery furnishes working examples of the necessary interdisciplinarity of ecological criticism and impresses the relevance of the Irish context to the broader debates within international ecological criticism Crucially the volume imports ecological critical paradigms into the field of Irish studies and demonstrates the value of such conceptual dialogue for the future of Irish cultural and political criticism This pioneering intervention exhibits the complexity of different Irish cultural and historical responses to ecological exploitation degradation and social justice **The Canadian Journal of Irish Studies** ,2004

Traveling Irishness in the Long Nineteenth Century Marguérite Corporaal,Christina Morin,2017-07-20 Exploring the effects of traveling migration and other forms of cultural contact particularly within Europe this edited collection explores the act of traveling and the representation of traveling by Irish men and women from diverse walks of life in the period between Grattan s Parliament 1782 and World War I 1914 This was a period marked by an increasing physical and cultural mobility of Irish throughout Britain Continental Europe the Americas and the Pacific Travel was undertaken for a variety of reasons during the Romantic period the Grand Tour and what is now sometimes referred to as medical tourism brought Irish artists and intellectuals to Europe where cultural exchanges with other writers artists and thinkers inspired them to introduce novel ideas and cultural forms to their Irish audiences Showing this impact of the nineteenth century Irish across national borders and their engagement with global cultural and linguistic traditions the volume will provide novel insights into the transcultural spheres of the arts literature politics and translation in which they were active **Women in Journalism at the Fin de Siècle** F. Gray,2012-03-13 As the nineteenth century drew to a close women became more numerous and prominent in British journalism This book offers a fascinating introduction to the work lives of twelve such journalists and each essay examines the career writing and strategic choices of women battling against the odds to secure recognition in a male dominated society

Performing Global Networks Karen Fricker,Ronit Lentin,2009-03-26 Networks are everywhere from migrant organisations to information technology from business to social movements from international governance to global non governmental organisations from theatrical collectives to fan clubs from memory sites to narrative circles The portmanteau terms networks and more specifically global networks seem to have become the mots du jour in contemporary cultural and social studies But what cultural social and political work do global networks accomplish what is the work of these networks This path breaking collection follows Graeme Thompson s rallying cry for a clearer analytical approach to the ways in which networks are enacted assembled conducted and performed In its thirteen chapters scholars

from a variety of fields sociology theatre and performance studies peace studies history and musicology as well as social and cultural activists explore the multiple meanings of global networks and performance **Thomas Keneally's Career and the Literary Machine** Paul Sharrad,2019-08-30 Booker Prize winner and Living National Treasure Thomas Keneally still divides critical opinion he is both a morally challenging stylist and a commercial hack a wise commentator on society and a garrulous leprechaun Such judgements are located in the cultural politics of Australia but also linked to ideas about what a literary career should look like Thomas Keneally s Career and the Literary Machine charts Keneally s production and reception across his three major markets noting clashes between national interests and international reach continuity of themes and variety of topics settings and genres the writer s interests and the publishers push to create a brand celebrity fame and literary reputation and the tussle around fiction history allegory and the middlebrow Keneally is seen as playing a long game across several events rather than honing one specialist skill a strategy that has sustained for more than 50 years his ambition to earn a living from writing **The Art of the Caveman** John Mc Donagh,2016-09-23 The first monograph on the poetry of Paul Durcan this book deals thematically with the dominant concerns evident from his first solo collection *O Westport in the Light of Asia Minor* published in 1975 up to and including *The Days of Surprise* published in 2015 His work is marked by an unnerving emotional honesty and a recurring desire to undermine the pomposity of an Ireland struggling under the weight of inherited inconsistencies One of the central arguments here is that Durcan has captured more than any other poet of his generation the complexities and contradictions inherent in Ireland s emergence from the early difficult decades of independence The complex relationship between the public and private in his poetry is also explored as well as the poet s unflinching examination of his deepest personal relationships **Forgetful Remembrance** Guy Beiner,2018-11-09 Forgetful Remembrance examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout Forgetful Remembrance comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion **"Celebrating Confusion"** Kenneth Nally,2009 Though widely lauded as one of the most creative and challenging forces in Irish theatre Frank McGuinness TM s plays have often met with a tempestuous reception This new work

details the significance of key productions of his plays in the context of Ireland TM s culture and society Charting McGuinness TM s development as a dramatist from The Factory Girls through to Gates of Gold it combines cultural political and theatrical analysis to position McGuinness as the most significant Irish playwright of his generation Textual analysis supports considerations of theatrical performance to show how visual art stagecraft sculpture and song are central to our understanding of McGuinness TM s theatre Drawing forth the range of sexual familial and national identities found in McGuinness TM s work this book shows the significance of symbols in theatre that often seeks to confuse the simplicities of absolutes in order to show the complexities of difference Wide ranging theoretically astute and written in a lucid and engaging style Celebrating Confusion will appeal to all readers who are interested in Irish Theatre and its intersection with the politics and culture of contemporary Ireland
