**Silent Grief** Clara Hinton, 1998-02 Almost 200 000 couples in America each year suffer through the tragedy of miscarriage And that statistic only tells us about first trimester miscarriages The emotional pain of longer term miscarriages and the untold numbers of mothers and fathers who keep silent about their hurt make this form of child loss especially cruel But in Silent Grief author Clara Hinton brings a clear message of hope through the cold mourning Writing of her own grief and interviewing scores of women and men she offers not pat answers but instead show us this You are not alone

**The Story of the Daughters of Quchan** Afsaneh Najmabadi, 1998-12-01 In 1905 the year preceding the Iranian Constitutional Revolution Iranian women and girls were sold by needy peasants to pay their taxes or taken as booty in a raid by Turkoman tribesmen against a village settlement in Northeast Iran The telling and retelling of the event became a focus for outrage and grievance contributing to both popular mobilizations against autocracy and a constitutional regime Indeed the narration of this event took all of Iran by storm Shortly after the opening of a new

parliament in 1906 relatives of some of the captive women demanded that the parliament punish those responsible The newly reconstituted Ministry of Justice investigated the matter and actually tried several people who were alleged to be responsible In The Story of the Daughters of Quchan Afsaneh Najambodi investigates what made this incident more powerful How did a familiar incident of rural destitution and the story of yet another Turkoman raid become a uniquely outrageous story Although it captured the Iranian national imagination this event has been all but forgotten What does this amnesia tell us about the political culture or modern Iran as well as that country's national memory and about modernist historiography as well as that country's national memory and about modernist historiography in general **Nobody Cares** Dara

Ly,2023-12-10 Chapter 17 Stay Silent People can misjudge you or look down on you You can't stop anyone from doing so You can't expect everyone to know what you're up to because your goal belongs to one person only That person is you so don't waste your time telling people what you want to do Keep your mouth shut and work to achieve your goal Do we have a deal Besides nobody cares anyway Why waste your time talking about it You don't have to tell anyone what you're going to do Just do it Be silent if you must but don't worry You'll get there one way or another It's better if you conserve your time and energy for the tasks meaning that you should spend less time talking and more time doing your job Agree People have the rights to judge or underestimate you but you don't have any rights to do so to yourself You have to believe in yourself because you're more powerful than you know To unlock that power you must keep working and practicing every day until you've found that hidden power It's the power from within only found through hard work and repetition of practices Stay silent and work hard every day The power of silence is far more powerful than you know it You'll see it when you get there To get there you must keep working harder and harder every day I can't stress that enough You can live anywhere on this planet and still do what you're dreaming of accomplishing because the world is far more connected than it ever was If the people from a few generations before us could achieve so many incredible things with little help of the connectivity level that today's world can provide so will you
