Nobody True James Herbert, 2004-08-01 I wasn't there when I died Jim True knows He has returned from an out of body experience to find he has been brutally murdered and his body mutilated No one can see him no one can hear him no one except his killer knows he still exists Freed from his body True embarks on a quest to find his killer and discover why and how he has managed to survive As he closes in on his murderer True discovers that even the very people he loved and trusted have betrayed him He meets his killer a strange and sinister figure who can also leave his body at will An epic and deadly battle ensues between True and a seemingly unstoppable and hideous serial killer a man now intent on even more murders including True's wife and child

Nobody Jennifer Lynn Barnes, 2024-11-01 In a pleasurable ride through chases escapes sinister memories and romantic tension a teen teams up with her assassin is this gripping fantasy novel Kirkus Reviews There are people in this world who are Nobody No one sees them No one notices them They live their lives under the radar forgotten as soon as you turn away That's why they make the perfect assassins The Institute finds these people when they're young and takes them away for training But an untrained Nobody is a threat to their organization And threats must be eliminated Sixteen year old Claire has been invisible her whole life missed by the Institute's monitoring But now they've ID'ed her and send seventeen year old Nix to remove her Yet the moment he lays eyes on her he can't make the hit It's as if Claire and Nix are the only people in the world for each other And they are because no one else can really see them The novel's imaginative mixture of supernatural elements with action and romance will appeal to a broad range of readers Booklist Barnes continues to establish herself as a strong voice in dark fantasy and science fiction Publishers Weekly This thrill ride will keep readers entranced and could appeal to reluctant readers An exciting addition for collections where action novels are popular School Library Journal

James Herbert - The Authorised True Story 1943-2013 Craig Cabell, 2013-08-05 James Herbert reigned supreme as Britain's undisputed master of horror before his death in March 2013 But his legacy lives on in this fully authorised work Craig Cabell examines the story behind horror writing's most darkly brilliant mind For almost 40 years Herbert was Britain's most popular horror author With sales of over 50 million copies he carved a niche in quality bestselling fiction all of his own Famous for his Rats trilogy and The Fog he broke away from the cut and thrust populist horror novels of the 1970s and 80s to more thought provoking works featuring the scientific reasoning behind the manifestations of the ghosts and spirits in which he truly believed Books such as Others Once and The Secret of Crickley Hall bear testament to his growth as a writer and his continuing desire to chill his readers Craig Cabell's exploration into the dark sinister world of James Herbert is given incredible depth thanks to a series of over a dozen exclusive candid interviews Drawing striking parallels between Herbert's career and the events of his life this work sheds light on the personal demons which drove the boy from London's East End to become the pre eminent horror writer of his generation Cabell a friend and confidant of Herbert's until the very end shares personal correspondence and reminiscences including
