Miss Nobody Ethel Carnie, 1913

The Madonna Secret Sophie Strand, 2023-08-15 Mary Magdalene's confessions reveal a sensual world of love and betrayal magic and mystery hidden within the Gospels Reroots Mary Magdalene and Jesus in the lush ecology and complex spiritual culture of Second Temple Period Judea and Galilee under Roman rule Rewilds the Gospels with the forgotten voices of defiant and oppressed women the nature based storytelling of oral communities and the embodied eroticism of a lovable rabbi with appetites and desires doubts and shame and a playful sense of humor Retells a familiar narrative informed by extensive research in botany

and ecology scriptural analysis feminist studies and the mythic traditions of the Mediterranean When Leukas a Christian convert ventures into the wilds of Gaul to receive the hidden teachings from Mary Magdalene before she dies he discovers that hidden within the Gospels he thinks he knows is an epic love story between an educated Jewish woman overwhelmed by her mysterious spiritual powers and a sensual magician devoted to the wisdom of the earth The secrets she will reveal are both more shocking and more tragic than anything readers have encountered before Beginning with Miriam s childhood as a member of a wealthy Jewish family living outside of Bethany we see her struggles as a young woman with spiritual curiosity and intellectual aspirations that drive her to combat the violence of Empire and the sexism of her own culture Propelled by mystic visions Miriam is finally drawn into the wilds of Galilee where her destiny collides with a mischievous rabbi who will change her and the world forever Trapped in a mythic story unfolding in events around them the lovers strive not to repeat a tragedy older than the pyramids In *The Madonna Secret* Sophie Strand resurrects a richly textured world where complex characters reveal the lived reality of scripture and open familiar sayings to radical new meanings and possibilities The International ,1915 *Nobody's King* Steven H. Nobody's Island Beatrice Grimshaw,1923 **Ben King's Verse** Benjamin Franklin King,1894 **All the King's Horses** Margaret Widdemer,1930 *Plural Logic* Alex Oliver,Timothy Smiley,2016-11-04 Alex Oliver and Timothy Smiley provide a natural point of entry to what for most readers will be a new subject Plural logic deals with plural terms Whitehead and Russell Henry VIII s wives the real numbers the square root of 1 they plural predicates surrounded the fort are prime are consistent imply and plural quantification some things any things Current logic is singularist its terms stand for at most one thing By contrast the foundational thesis of this book is that a particular term may legitimately stand for several things at once in other words there is such a thing as genuinely plural denotation The authors argue that plural phenomena need to be taken seriously and that the only viable response is to adopt a plural logic a logic based on plural denotation They expound a framework of ideas that includes the distinction between distributive and collective predicates the theory of plural descriptions multivalued functions and lists A formal system of plural logic is presented in three stages before being applied to Cantorian set theory as an illustration Technicalities have been kept to a minimum and anyone who is familiar with the classical predicate calculus should be able to follow it The authors approach is an attractive blend of no nonsense argumentative directness and open minded liberalism and they convey the exciting and unexpected richness of their subject Mathematicians and linguists as well as logicians and philosophers will find surprises in this book This second edition includes a greatly expanded treatment of the paradigm empty term zilch a much strengthened treatment of Cantorian set theory and a new chapter on higher level plural logic *The Nation* ,1910 *Harper's New Monthly Magazine* Henry Mills Alden,1892 Harper s informs a diverse body of readers of cultural business political literary and scientific affairs
