R. Bray, B. Brady, L. A. Pham, E. Williams, M. Montaigne, 2014-10-28 The National Disability Insurance Scheme NDIS is one of the major policy innovations of the early 21st century in Australia representing a new way of delivering services to people with a disability and those who care for them It has the potential to transform the lives of hundreds of thousands of people giving them greater certainty and control over their lives There is a higher incidence of disability in the Aboriginal and Torres Strait Islander population than in the Australian population more generally so the NDIS is of particular relevance to Indigenous Australians However Indigenous Australians with a disability have a very distinct age geographic and health profile which differs from that of the equivalent non Indigenous population Furthermore the conceptualisation of disability and care in many Indigenous communities particularly in remote areas may differ markedly in comparison to more settled parts of the country and there is the added complexity of a unique history of interaction with government In considering these issues in detail this Research Monograph provides a resource for policy makers researchers and service providers who are working in this important policy area Its major conclusion is that the NDIS if it is to be an effective policy for Indigenous Australians needs to take into account their very particular needs and aspirations    [Federal Register](#) , 1992-03-24    [TV Guide](#) , 2006    **The 2020 Remote Work Guide** Emily Jones, 2020-03-24 THE 2020 REMOTE WORK GUIDE HOW TO WORK FROM HOW AND MAKE MONEY IN 2020 explains the nitty gritty of remote jobs In the new and changed world where everyone is working remotely it s essential you have a guide on how to work from home effectively and be on the top of your game despite the many distractions Also the book serves as an eye opener to the overwhelming
