Jack,2018-12-29 It has probably been a long time since anyone has heard of eating a mulberry pie or sipping a jug of mulberry wine but perhaps that will change One of the increasingly popular trees these days for food and shelter is the mulberry Until recently there had hardly been a favorable mention of this under planted fruit tree but now there is a greater interest in large scale mulberry orchards In the landscape design mulberry makes a nice medium sized shade or windbreak tree **The Mulberry Tree** Winifred Lewellin James,1996 **A Methodical Treatise on the Cultivation of the Mulberry Tree, on the Raising of Silk Worms, and on Winding the Silk from the Cocoons** William Henry Vernon,1828 The Metaphysics of Dante's Comedy Christian Moevs,2005-03-17 Dante s metaphysics his understanding of reality is very different from our own To present Dante s ideas

about the cosmos or God or salvation or history or poetry within the context of post Enlightenment presuppositions as is usually done is thus to capture only imperfectly the essence of those ideas The recovery of Dante s metaphysics is essential argues Christian Moevs if we are to resolve what has been called the central problem in the interpretation of the Comedy That problem is what to make of the Comedy s claim to the status of revelation vision or experiential record as something more than imaginative literature In this book Moevs offers the first sustained treatment of the metaphysical picture that grounds and motivates the Comedy and of the relation between those metaphysics and Dante s poetics He carries this out through a detailed examination of three notoriously complex cantos of the Paradiso read against the background of the Neoplatonic and Aristotelian tradition from which they arise Moevs finds the key to the Comedy s metaphysics and poetics in the concept of creation which implies three fundamental insights into the nature of reality 1 The world finite being is radically contingent dependent at every instant on what gives it being 2 The relation between the world and the ground of its being is non dualistic God is not a thing and there is nothing the world is made of 3 Human beings are radically free unbound by the limits of nature and thus can find all of time and space within themselves These insights are the foundation of the pilgrim Dante s journey from the center of the world to the Empyrean which contains it For Dante in sum what we perceive as reality the spatio temporal world is a creation or projection of conscious being which can only be known as oneself Moevs argues that self knowledge is in fact the keystone of the Aristotelian and Neoplatonic philosophical tradition and the essence of the Christian revelation in which that tradition culminates Armed with this new understanding Moevs is able to shed light on a series of perennial issues in the interpretation of the Comedy In particular it becomes clear that poetry coincides with theology and philosophy in the poem Dante poeta cannot be distinguished from Dante theologus
