Derald Wing Sue, Robert T. Carter, J. Manuel Casas, Nadya A. Fouad, Allen E. Ivey, Margaret Jensen, Teresa LaFromboise, Jeanne E. Manese, Joseph G. Ponterotto, Ena Vazquez-Nutall, 1998-02-12. *Multicultural Counseling Competencies* is a state of the art book integrating the literature and work on multicultural counseling competencies. It draws out implications for individual professional and institutional development by identifying the characteristics related to culturally competent mental health care. As such it has relevance for practitioners who will increasingly encounter client populations who differ from them in terms of race, culture and ethnicity. It suggests how the mental health profession needs to alter its practices to fit the needs of the culturally different in our society and it advocates changes in mental health policy, programs and organization. In a very systematic manner the text provides a working definition of multiculturalism from which counselors, therapists and social workers can ground their awareness, knowledge and skills. It presents a new concept called ethnocentric monoculturalism and traces how it has inundated our society and the mental health professions. Written by leaders in the field of multicultural counseling, *Multicultural Counseling Competencies* is a landmark volume in clinical and counseling psychology, educational psychology, gender studies, nursing, social work, psychology, health services, interpersonal violence and ethnic studies.
