Multicultural Dimension Of The National Curriculum:

The Multicultural Dimension of The National Curriculum Anna King, Michael Jonathan Reiss, 1993 Given the National Curriculum Council's failure to issue any formal guidance on the subject multicultural education is becoming increasingly marginalized and left to individual schools. This book provides guidance and advice to schools on issues of racial equality and cultural diversity. It helps teachers, managers, and governors implement the requirements and expectations of new educational legislation since the 1988 Education Reform Act and its associated non-statutory advice and guidance. Within a whole school curriculum framework chapters provide analysis and practical guidance for each subject area of the National Curriculum. With responsibility for multicultural education resting largely on individual schools, this book sets out to aid schools of all kinds, primary, secondary, grant maintained, and LEA, to ensure that issues of racial equality and cultural diversity are addressed throughout the whole curriculum. It is aimed at teachers at all levels, Heads of Education, Departments, Mentors, Governors, Advisers, INSET course tutors, students on PGCE, BEd, MEd courses, and those doing a BA in Education.

Cross Curricular Contexts, Themes And Dimensions In Primary Schools Gajendra K. Verma, 2005-06-21 The final volume of four, the authors, all specialists in the areas of the curriculum, consider how the concerns of ethnic groups may be addressed within the framework of the National Curriculum. Despite the indecision surrounding the structure, content, pedagogy, and assessment of many components of the primary school curriculum, it remains that the multicultural nature of the population and of schools will develop. These developments and their educational implications must be considered if the educational system is to respond adequately.

Cross-curricular Contexts, Themes and Dimensions in Primary Schools Gajendra K. Verma, Peter David Pumfrey, 1994 The final volume of four, the authors consider how the concerns of ethnic groups may be addressed within the framework of the National Curriculum. Despite the indecision surrounding primary school curriculum, it remains that the multicultural nature of the population and of schools will develop.

Science in Primary Schools: The Multicultural Dimension Alan Peacock, 2006-05-23 Designed to help primary school teachers build a multicultural dimension into their teaching of science, this book provides a wide variety of practical ideas for use in both multi-ethnic and all-white classrooms. The contributors also examine the underlying rationale for a multicultural approach to science education.
