Ramsey, 2015-03-20 How can we create truly multicultural classrooms In this new edition of her popular text renowned early childhood educator Patricia Ramsey draws on a wide range of research and practice from different communities around the world to further explore the complexities of raising and teaching young children in a world fraught with societal divisions and inequities Using engaging examples and stories this comprehensive volume offers concrete suggestions to encourage teachers to reflect on their own histories and experiences and to challenge and rethink their assumptions and attitudes toward children and teaching This new up to date edition describes research based classroom practices to engage children in exploring the complexities of race economic inequities immigration environmental issues and sustainability gender and sexual orientation and identities abilities and disabilities It also addresses the challenges of teaching in the context of globalization pervasive social media and increased standards and accountability Educational Psychology Australian Edition Anita Woolfolk, Kay

Margetts, 2012-07-25 Learning and teaching is an integrated process and theory and practice cannot be separated As in the previous Australasian edition Educational Psychology 3e continues to emphasise the educational implications and applications of child development cognitive science learning and teaching Recurring themes throughout the text include ideas about education social and socio cultural aspects of education schools families and community development learning and curriculum and effective teaching Author Kay Margetts incorporates Australasian perspectives and applications using the work of Australasian researchers and teachers Numerous examples case studies guidelines and practical tips from experienced teachers are used in the text to explore the connections between knowledge understanding and practice

*Shattering the Denial* Karen B. Donaldson, 2001-05-30 This book has gone to great lengths to reveal through research and practice the possibilities of addressing and reducing racist practices in our schools It features an Antiracist Education Teacher Study that assisted in providing baseline figures of teacher perceptions of racism and demonstrated how teachers can successfully implement antiracist concepts in their classrooms Findings further indicate that such teacher involvement

makes a difference in student acceptance and attitude As teachers display enthusiasm for teaching their subject areas multiculturally and having an intolerance for racist behavior many students have shown greater respect and appreciation for their teachers who are willing to expose life's realities Educators in the Teacher Study became role models for their students This role modeling empowered students in positive ways to address issues of racism from the student perspective Dr Donaldson also focuses on shattering the denial of teachers who doubt the existence of racism in schools and who question how student learning is adversely affected by racism She uncovers the difficulty teachers have with coming to grips with the realities of racism In light of these difficulties those who endured became empowered to become better teachers
